FLOOR CARE INNOVATIONS

The Leading Choice in Floor Care Innovation

Betco® is the answer to all your floor care needs. Our comprehensive line of floor care solutions includes finishes, strippers, equipment, green alternatives, and much more. Betco's floor care line is infused with innovation to reduce labor costs, increase efficiency, and provide you the flexibility to customize your floor care program. Proven performance and unrivaled durability makes Betco the right choice every time for any floor.

The Betco advantage includes our superior wearing Hard As Nails® floor finish that is 50% harder than other finishes in the industry. Innovative floor care systems like the Betco Crete Rx™ Polished Concrete Program that restores and protects polished concrete and terrazzo. Floor finishes like Betco Express® with its Max-Cure™ fast dry/cure technology, the environmentally preferred Green Earth® Floor Finish and the extended wear performer, Hybrid® are just a few of our amazing choices.

DILUTION CONTROL INNOVATIONS

The Right Solution for a Variety of Applications

Betco has a comprehensive chemical product offering. Every facility is different and has their own unique challenges to provide proper sanitary maintenance and cleaning. Big or small, water access or not, we have a chemical product and system that is right for you. From our FastDraw® system to our economical QuarterPack program, each has the right solution for you to reduce labor costs, and provide a quality cleaning.

Our FastDraw dilution control system is innovative and versatile. Dispenser options range from single, and multi-product units to portable options. All FastDraw dispensers utilize the same FastDraw product package. This single package eliminates the confusion of multi-product platforms. The FastDraw bottle has special features like sealed inserts to prevent leakage, multi-dilution ports to dilute bottles and buckets from the same bottle and each bottle is numbered and colored coded to insure proper use. Training for our FastDraw system is simple with our customizable wall chart and task card program.

GREEN CLEANING INNOVATIONS

Cleaning for a Healthy Environment Since 1990

Betco® has been a leader in Green Cleaning since 1990! With our first Green Earth® Chemical Management systems, we started our mission to create a healthy environment. Today, Betco's Green Earth Cleaning program consists of products, procedures and equipment designed to have a reduced environmental impact while maintaining superior performance. This cleaning program is specially designed for a variety of markets where our products can make an immediate impact. Our program is predicated on cleaning for health and the environment.

For nearly three decades Betco has shown its dedication to green cleaning. We launched our Green Earth® Chemical Management System in 1990 and since then have added numerous green products and equipment pieces to our offering. Green Earth® Foaming Skin Cleanser, Green Earth® Peroxide and BioActive Solutions™ No Rinse Floor Cleaner.

TRAINING INNOVATIONS

BETCO® U

Betco® University provides on-site and online training for new and experienced Jan San professionals.

- On-site training sessions led by experienced professionals
- Web-based training modules and videos
- Exams and completion certificates

CHARTER

Charter allows users to create custom wall charts that define the chemicals in a facility, show the proper methods of application and highlight the surfaces that chemicals should be used on.

- Easily accessible on Betco.com (no program to download)
- Saves all created wall charts for reuse and adjustments
- Enhances the safety and training of employees

TASK

Task allows users to create customized visual aids that explain cleaning procedures step-by-step and maps them to specific chemical products and equipment.

- Choose from over sixty customizable cleaning and maintenance procedures
- Easily accessible on Betco.com (No program to download)
- Saves all created Task Cards for reuse and adjustments
- Available in English and Spanish

INSPECTOR

Inspector is a powerful tool for sales representatives that empowers them to create surveys tailored to specific market segments and determine what changes need to be made in a cleaning and maintenance program.

- Create a custom inspection/survey for multiple facility types
- Transfer survey data to Estimator and Proposer
- Assign dates for audits

ESTIMATOR

Estimator provides the tools for professionals to assess their specific facility's needs and justify converting to superior innovative chemical and equipment solutions from Betco.

- Calculates required labor costs
- Adjust for budget changes
- Comparative analysis of current chemical program
- Transfer data to Proposer

PROPOSER

Proposer is a professional proposal building program that allows sales reps to showcase the advantages of using a custom program while projecting a modern and highly professional appearance.

- Market-specific solutions
- SYMPLICITY™ laundry and warewash proposer
- Betco® facility management solutions
