

CHICOPEE® CHIX PRO-QUAT®

Chicopee® True Confidence™

- Compatible with Quat
- Durable and abrasion resistant for multi-day use
- Microban® anti-microbial protection
- Available in white, blue, green, and red for zone cleaning

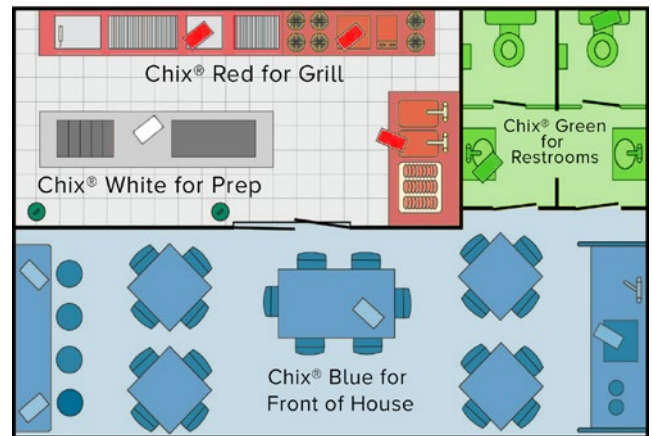

Chicopee's Chix® Pro-Quat® Towels consistently release the required ppm of sanitizer to surfaces compared to generic foodservice towels which may deplete the solution's proper sanitizing strength. It is important that the full potency of sanitizer is delivered in order to kill germs, bacteria, or other viruses left behind following routine cleaning practices. Microban® anti-microbial treatment keeps towels fresher for longer, allowing extended use for multiple days without compromising sanitation effectiveness.

Color-Coded Cleaning System

Chix® Pro-Quat® Towels give you the convenience of color-coded cleaning to reduce the risk of cross contamination. Color coding allows you to designate one type of towel for each area of your restaurant, which avoids the potential hazard of cleaning various surfaces (restroom vs. dining room) with the same towel.

Code	Description	Color	Towel Size W x L Inches	Put Up	Wipes per Case
0060	Chix® Pro-Quat®	Red	13x13	Bulk	150
0061	Chix® Pro-Quat®	White w/ Red Stripe	13x21	Bulk	150
