

CLAX[®] Master 100

22A1

Detergent - general soils

Heavy-duty, neutral laundry detergent for use on most linen classifications. Used in conjunction with an alkali, it provides for the effective removal of a wide range of soils on any type of fabric.

Features & Benefits

- Effective in low wash temperatures
- Excellent performance on fatty and oily soil
- Non-phosphated for use in all areas
- Formulated without alkyphenol ethoxylates

Applications

- Designed for industrial and institutional classifications
- Suitable for use in all water types from soft to hard

Clax[®] Master 100

Detergent - general soils

Clax[®] Master 100 is a neutral laundry detergent for use on most linen classifications. May be used alone or in conjunction with an alkaline builder for effective soil removal from most fabrics. Formulated without alkyphenol ethoxylates.

Use instructions

- Use this product as directed by your Diversey representative.
- This product is designed to be dispensed directly to the laundry machine by a Diversey dispenser. It is dispensed at various rates depending on soil load, fabric type, water conditions and laundry equipment.
- **For Food Plant Use:** Thoroughly rinse all laundered fabrics used in food plants with potable water before re-use. Avoid contamination of food during use or storage.
