

COMPACT® CORELESS 2-PLY RECYCLED TOILET PAPER BY GP PRO (GEORGIA-PACIFIC), 36 ROLLS PER PACKAGE

Description:

Compact® coreless toilet paper, designed to work specifically with Compact® coreless toilet paper dispensing systems, answers key needs for facilities managers when it comes to toilet paper for restrooms at work and public facilities. These high capacity systems help operators avoid running out between service intervals and reduce maintenance time associated with replacing conventional toilet paper rolls. In addition, these systems save up to 95% in packaging waste compared to GP PRO's standard roll toilet paper by eliminating stub-rolls, corrugate cores, paper roll wraps and the outer cardboard shipping case. And because the Compact® case has a smaller footprint, it requires less storage space.1 Compared to GP PRO standard toilet paper
