

Respect the Food!® **Earth Smart™** COMPOSTABLE STRAWS

Earth Smart™ straws are certified home and commercially compostable.

Earth Smart straws made from a unique material composed of two key ingredients:

- **Sustainably sourced* cellulosics**, otherwise known as wood pulp
- **Certified** recycled content from plastic waste**, that otherwise would end up in a landfill

*based on FSC Chain of Custody certification, representing the traceability of the wood-based raw materials

**certified recycled content from hard-to-recycle plastic waste diverted from landfill (calculated using ISCC mass balance)

Respect the Food!®

Earth Smart™ COMPOSTABLE STRAWS

Sustainably sourced wood pulp

Certified recycled content

Home and commercially compostable

Diverting plastic from the landfill

- ✓ **TUV Certified Home Compostable and BPI Certified Commercially Compostable Straws**
 - ➔ Rethink for the Responsible Choice
- ✓ **Proper Disposal of Earth Smart Straws is in a Home Compost Bin or Commercial Compost Facility**
 - ➔ Check locally for a facility in your area, any other method of disposal or litter is strongly discouraged
- ✓ **Versatile Straw Offering**
 - ➔ Most Popular Straw Sizes for Cold Drink Favorites
- ✓ **Translucent Available Now, Emerald and Ruby Available as Special Order**

The science behind Earth Smart straws - made with Aventa™ Renew

Smart Parts of Aventa™ Renew

- Safe for the environment
- Certified 100% biodegradable materials in soil and fresh water environments
- 100% marine biodegradable according to ASTM D6691 test methodology
- The material will be naturally consumed by microorganisms and will leave behind no remaining microplastics
- USDA Certified Biobased
- FDA compliant for food contact use
- Gluten-free and manufactured without PFAs or heavy metal
