Smart Choices Help You Step Up Sustainability

For so many businesses, sustainability is a responsibility that also makes good business sense ... from daily best practices to products they offer customers. That's why more operations are choosing compostable cutlery. Dixie Ultra® SmartStock® Compostable Cutlery can help you meet sustainability goals—but it also stands up to the rigors and performance expectations of customers. SmartStock® one-at-a-time dispensing can also help reduce cutlery waste.
