earthchoice®
Better. To Go.

Entree2Go™ Two Piece Containers

Designed for delivery! Fill, stack, go! Now with new 8.5 x 8.5” sizes available in black and white bases.

Reduced environmental impact

EarthChoice® mineral filled polypropylene (MFPP) bases are made with 50% less plastic than traditional polypropylene containers, reducing fossil fuel based material usage. The polypropylene lids are recyclable. Check locally; may not be recyclable in all areas.

Keep it crispy

The SmartVent™ system allows steam to release, keeping food hot and crispy even on the go.

Great for to-go

These containers are strong, stackable, and moisture resistant so they can stand up to hearty and saucy foods. The clear lids present menu items beautifully and aids in order identification.

Consumer convenience

Consumers will appreciate that these containers are microwaveable and are safe for top rack use in residential dishwashers.

Virtual Packaging Assistant

The Virtual Packaging Assistant (VPA) app can be used for all of your Foodservice Packaging Solutions! It is available for download on all Apple, Android and Windows devices.

MADE IN USA from globally sourced materials

These guidelines are supplied to assist you in determining the proper use of Pactiv Evergreen products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
