

We Focus on Clean so You Can Focus on Care

Our Home-Style Laundry Program is specifically designed for our Long Term Care customers. Our products deliver hygienically clean linens with every wash and help improve the health and safety of your community.

- ▲ Delivers **best-in-class cleaning performance** against most common soils and stains including body soils, starch-based stains and protein-based soils.
- ▲ Helps **eliminate malodor** in the first wash and provides **lasting freshness**.
- ▲ **Safe and easy to use** laundry program that uses the right amount of product and delivers **consistent results** in both low and high temperatures.
- ▲ Detergents use a **new enzyme technology**, resulting in fresh and clean linens and personals.

Compatible with HE
washing machines

A Complete and Effective Home-Style Program

With three dispensing options to choose from, Ecolab has a solution to best fit your home-style laundry needs.

Dispensed Solids

- ▲ **Safe for Users**
 Solid program significantly reduces access to product and is safe for users.
- ▲ **Easy to Use**
 Controlled dispensing with a simple Push Button helps reduce product over-consumption and waste.
- ▲ **Gentle on Linens**
 Mild chemistry is gentle, yet results in hygienically clean linens.
- ▲ **Innovative and Advanced Formula**
 - Detergent features surfactants, enzymes, water conditioners, and optical brightener.
 - Combined product delivers detergent features along with a safe, stable, oxygen-based bleach for color-safe destaining.

Dispensed Liquids

- ▲ **Pleasant Smell**
 Removes malodors and provides fresh scent to linens.
- ▲ **Concentrated Formula**
 Less product is needed to remove soils.

Unit Dose Packs

- ▲ **Convenient**
 Quickly choose the combination of products for current laundry load.
- ▲ **Premeasured Product**
 Simply toss the packs into the wash without any measuring required.
