

NEW!

*A Completely New Approach to Flat Mopping.
One Mop Replaces Pocket, Tab and Velcro models.*

Uni-Tab Pro

Spin-Free, No-Touch Universal Flat-Mop

**NO TOUCH
ATTACH**
(Slip & Click)

**NO TOUCH
RELEASE**
(Pinch & Drop)

TOUCH-FREE ATTACH & RELEASE

Never touch another soiled mop head! Uni-Tab Pro replaces other microfiber mopping systems (pocket, tab or Velcro) which require touching soiled mop heads. Simply pinch the edges to release.

INDUSTRY FIRST! UNIVERSAL USE

Can be used by wringing (roller or side press) or charging (multi-mop Top-Down Charging Buckets or individually with Equodose Mobile Microfiber Charging System).

NO SPIN, NO HASSLE FLAT-TO-FLOOR

End the hassle of getting a wringable microfiber mop to lay flat on the floor. Just place it on the floor! The unique interior spring mechanism does the rest.

UNI-TAB PRO DETAILS

PATENT PENDING

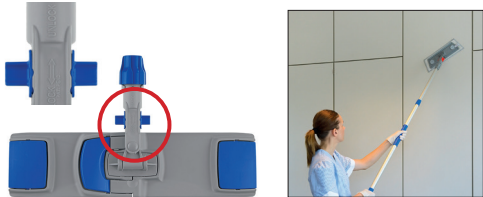

Uni-Tab Pro Locking Mechanisms

SLIP & CLICK FOR MOPPING:

Uniquely engineered tabs located on the sides of the Uni-Tab Pro mop head easily slip into slots on the Uni-Tab holder, automatically clicking into place and locking securely until released.

SLIDE & LOCK FOR VERTICAL USE:

The locking connector on the holder slides into a lock position and prevents the swivel action to allow for easy vertical cleaning.

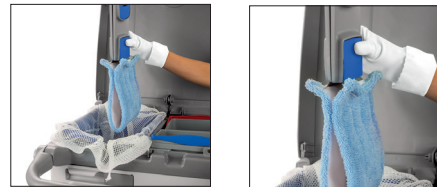

Uni-Tab Pro Release Mechanisms

STEP & COLLAPSE FOR WRINGING:

Stepping on the release button located on the top of the Uni-Tab holder collapses it for wringing.

PINCH & DROP QUICK RELEASE:

Pinch the ends of the Uni-Tab Pro holder for immediate release of the soiled mop head. No touching the dirty mop head!
