

# Fortify<sup>®</sup>

## Hard Surface Floor Sealer

Fortify<sup>®</sup> Hard Surface Floor Sealer is a clear, water-based acrylic sealer for concrete and terrazzo floors.

### Features & Benefits

- Improves gloss and durability of floors by filling pores in surfaces
- Resists oil spillage, wear from shoes and tire and wheel marks
- Excellent adhesion prevents concrete dusting and makes sweeping and cleaning easier
- User-friendly sealer that is low odor, allows easy application and quick dry time

### Applications

- For use on concrete and terrazzo floors
- Adheres to alkaline or acid-hardened surfaces

**Use Instructions**

- Do not dilute. Do not use on surfaces colder than 50° F (10° C). To avoid contamination, do not return unused Fortify® Hard Surface Floor Sealer to original container. Floors can be slippery when wet or contaminated with foreign materials. Promptly clean-up spills and foreign materials.

**Applying Floor Sealer**

- Blockade areas to be stripped, finished or sealed. Floors will be very slippery until dry.
- Clean or strip floor according to label directions
- Apply 2 to 3 coats of Fortify® Hard Surface Floor Sealer using a clean mop
- Allow 45 minutes drying time between coats

**Maintenance**

- Dust mop or sweep
- Clean floor with appropriate Diversey cleaner according to label directions
- Maintain the finish gloss using periodic recoating, spray buffing or burnishing according to finish label and maintenance practices

**Removal**

- Remove using recommended Diversey stripper according to label directions
