# FashnPoint<sup>®</sup>

By Hoffmaster<sup>®</sup>

Hoffmaster<sup>®</sup> is the exclusive manufacturer of a disposable product category called FashnPoint<sup>®</sup> which combines both air and embossing to create a thick paper product with a soft and fluffy hand feel. FashnPoint<sup>®</sup> is an excellent replacement for linen that will not lint! Available in folded and flat dinner napkins, our new Nuevo beverage napkins and our EZ Fold<sup>™</sup> Guest Towels. EZ fold<sup>™</sup> allows a customer to easily pick up one towel at a time. It is soft, absorbent and will not stick together, allowing a customer to use just one towel per visit. Our flat napkins are easy to separate making cutlery rolling quick and easy, while saving you labor dollars. For catering needs, we have a wide selection of FashnPoint<sup>®</sup> CaterWraps<sup>®</sup>, some featuring our metallic cutlery. Differentiate yourself from your competitors by using FashnPoint<sup>®</sup> instead of a traditional paper napkin. One napkin will last an entire meal.

*Once you touch FashnPoint<sup>®</sup>,  
you will clearly feel the difference!*

# Healthcare

“Hospital-like” is shifting to “Hospitality-like”. Patients in the hospital setting desire improved foodservices and residents staying in a facility for longer durations of time expect the same class of service. Hoffmaster® has product options to help reduce costs, increase quality and efficiency and improve amenities.

In Acute Care, patients are considered valued guests. A well planned tray top presentation creates an enhanced dining experience. Decorator traymats designed to coordinate with insulated ware create a lasting impression and keep trays clean, organized and sanitary during meal delivery. Compliment the traymat with a coordinating dinner or **Quickset®** napkin, **CaterWrap®** or **Cutlery Pouch**.

In Senior Dining, meals are social occasions. In Long-term Care, the emphasis is on deinstitutionalization and choice with room-service and family-style dining concepts. It's simple to create an attractive setting with Hoffmaster®. **Linen-Like®** table covers and napkins are a cost effective alternative to real linen. A placemat in solid color, fashion design, or a theme paired with solid color dinner or beverage napkins adds atmosphere.

**Finding the perfect fit**

To ensure the proper match between baking pan and baking paper, we have provided the measurements for all baking papers offered. Measurements include Blank (overall diameter), Base Diameter and Wall Height. To get the correct measurements from an existing baking cup, flatten out the baking cup and lay it on a hard surface. Using a ruler, measure the three dimensions shown to the right. The same principals apply to measuring oblong products, using the chart to the right.

## Parchment Cake Decorating Triangles

are superior to cloth pastry bags for decorating cakes and pastries. They are flexible, pliable and require no cleanup. Cut one sheet in half to make two smaller bags.

## Cake Circles

line the bottom of round cake pans, facilitating easy cleanup and eliminating the need to grease the pan. Wax provides good release. Parchment combines release, wet strength and grease resistance.
