

J-512™/MC Sanitizer

A no-rinse sanitizer that conveniently and effectively sanitizes food contact surfaces where sanitization is of prime importance.

Features & Benefits

- Sanitizes food contact and other hard, nonporous environmental surfaces
- No need to rinse, just allow to drain and air dry
- 200-400 ppm range
- Available in a variety of convenient sizes and packaging

Applications

- Use in commercial sinks for sink immersion of utensils
- Spray on hard, nonporous surfaces and equipment
- Use in dairies, restaurants, bars and institutions where sanitation is of prime importance

J-512^{TM/MC} Sanitizer

Use Instructions

- To sanitize pre-cleaned and potable water-rinsed, non-porous, food contact surfaces, prepare a 200–400 ppm active quaternary solution by adding 1 ounce of sanitizer to 4 gal. of water

Immobile Items

- Spray, apply with a cloth or circulate through a 200–400 ppm active quaternary solution for at least 60 seconds making sure to wet all surfaces completely
- Drain the excess use solution from the surface and air dry. Prepare a fresh solution daily or more frequently as soil is apparent.

Mobile Items

- Immerse in a 200–400 ppm active quaternary solution for at least 60 seconds making sure to immerse completely
- Remove items, drain the use solution from the surface and air dry
- Prepare a fresh solution daily or more frequently as soil is apparent

Technical data	J-512 ^{TM/MC} Sanitizer
Certifications	Kosher; NSF
EPA Reg. No.	70627-63
Color/Form	Red, liquid
pH	7.0 (Concentrate)
Scent	Typical quaternary odor
Shelf Life	3 Years

Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at www.diversey.com or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate.
