Welcome to Lambskin Specialties

Our Story

When Wigdor (Victor) Schultz immigrated to Canada in 1926 and started a small fur trim manufacturing business, he could never have anticipated how the company would grow and evolve over the decades. His son Albert took over the business in the 1950's, dramatically changing the company's path in 1969 when he introduced the wool duster – the company's famous DUST WAND – to the janitorial industry. Now well into our third generation, under the guidance of Myron Schultz (Albert's son) and Melvyn Pollins, we have dedicated ourselves to providing the Jan-San industry with the finest in maintenance products; building a name synonymous with performance, quality, service and selection. Our reputation as an industry leader is built on decades of experience, utilizing manufacturing expertise and design ingenuity to bring an ever-expanding line of creative and effective products to the market. Our commitment to the industry is demonstrated by our broad geographic reach, a keen understanding of our customers' businesses, and a product line that meets the needs of the cleaning professionals at the front lines of the maintenance challenge.

Nature at Work

The original 'green' duster, the Dust Wand wool duster has remained the most recognized name in dusting for 5 decades. The natural qualities of wool – the gentle static charge, web of fibers and natural oils – make it uniquely suited for dusting. Alongside our full range of ostrich feathers, our signature Dust Wand line offers the unparalleled combination of superior dusting power and environmentally friendly, sustainable materials. As a prime manufacturer, we have the ability to control all elements of the production process, from the selection of raw materials to packaging, to bring you the world's very best wool dusters.

Products and Performance

This product guide features a comprehensive line of cleaning products for surfaces from floor to ceiling, wall to wall, inside and out. Addressing a broad range of maintenance applications, these products are designed to perform and to last in even the toughest maintenance environments.

The catalog focuses on six main areas of maintenance: Everyday Dusting; High Dusting; Low Dusting; Floor Care; Window Care; and Specialty and Auto Care. Each category offers a variety of job-specific products, including our best sellers and some innovative new offerings. The final section of the catalog is devoted to our Merchandising Products, designed to increase showroom profitability and generate new product sales.

Manufacturing and Beyond

Lambskin Specialties continues to play a leading role in bringing new, innovative and highly effective products to the market as changing maintenance standards and requirements are identified. We are always excited to design, produce and source customized and specialized products including the MultiFlex System, Bio Mop, Microfiber Cloths, Micro Fiber Carpet Bonnets and Pads, and the 347-CB Max (to name just a few). While our core strength is manufacturing, our service to the maintenance community includes continually expanding our line by adding quality products from industry partners who share our commitment to excellence.

Some new products to our collection include the Eco Mop, The Combinator Window Squeegee with our custom sleeve, the Disposable Dusting Sleeve and Mitt, select Microfiber Dusters, and a T-Bar system for floor finish application. Ask your representative for more details on these and all of our products.

Lambskin Online

Lambskin.com has become integral to our customer service and support, featuring our entire product line, information on our representatives, product training (Dusting 101) and Dusting Top to Bottom; company news; industry links; promotional material; and the incredible Virtual Sales Manager. The site is an invaluable resource – comprehensive, easy to navigate, and updated regularly to ensure that you have the most current information at your fingertips.

Virtual Sales Manager

This very user-friendly program allows anyone – in the office or out in the field – to create customized and personalized sell sheets on any of our products. It is designed to help support the sales process by educating sales staff and end users about the specifications and applications of our products, incorporating product codes, pricing and rep contact information. It is easy to use, and the results will speak for themselves. The Virtual Sales Manager can be accessed on lambskin.com; there are no access fees or passwords – just click, create... and sell!

Our Mission

To be Your Source for the finest dusting products and maintenance accessories; earning your respect, confidence and loyalty through quality products, outstanding selection, continual product innovation, exceptional service, and our commitment to the maintenance supply industry.

The original green duster, natural lambswool offers exceptional dusting power. A light static charge, a web of fibers and natural oils work together to attract and hold dust until spun free. All are manufactured with thick premium selected wool skins, featuring rugged plastic handles, and solid construction. They are designed for virtually every dusting application and are used regularly in homes, offices, hotels, airports, retail stores, restaurants, meeting and exhibition halls, hospitals, factories, sports facilities and schools. Unless otherwise requested, Dust Wands are shipped in assorted mixed colors.

Easy Reach Dusters

This selection of dusters is ideal for all arms-reach jobs, including desks, tv's, ornaments and railings.

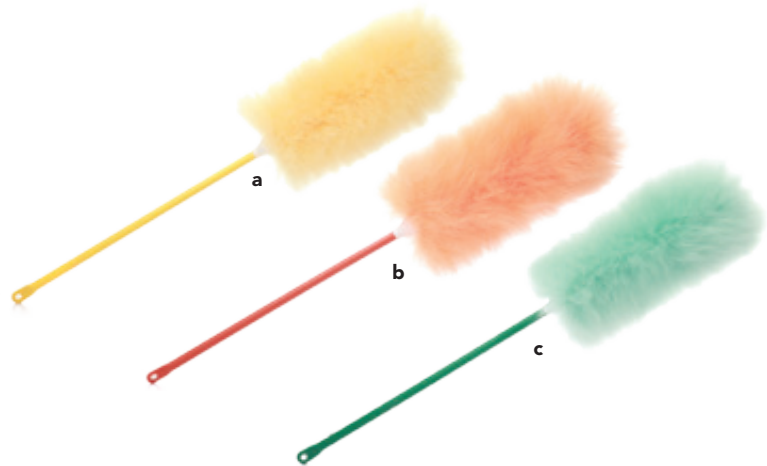

- a 300FX** Mini 8" Dusting Pom, 16" overall
- b 311D** Dowel Handle 12" Dusting Pom, 26" overall
- c 312FH** Big Pro 12" Dusting Pom, 28" overall
- d 316FH** Super Pro 16" Dusting Pom, 28" overall
- e W400** Dusting Mitt 8" x 8" (one size fits all)

Breeze Duster

The Breeze Duster is designed for squeezing into tight spaces. This thin profile duster features a hybrid combination of soft natural wool and microfiber, that helps make dusting a breeze.

- 333B** Breeze Low Profile - Contoured handle with 13" Pom, 27" overall

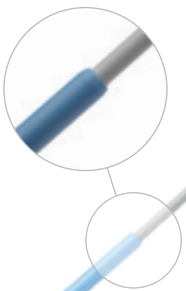

Dust Fresh Scented Duster

The Dust Fresh Line from Lambskin Specialties is available in 3 refreshing natural scents. These dusters will enhance the air quality of almost any environment and make the dusting experience more pleasant.

- a 302DFL** Sensational Lemon. Yellow wool and handle. 12" Dusting Pom, 26" overall
- b 302DFO** Orange Orchard. Orange wool and handle. 12" Dusting Pom, 26" overall
- c 302DFP** Pine Forest. Green wool and handle. 12" Dusting Pom, 26" overall

Inner locked extensions will not separate or break

Extension Dusters

Extension Dusters are the easiest way to reach high, out of the way places. The Flex models offer extra convenience to get over and around the most difficult to reach surfaces. The head and shaft on the Flex models are completely flexible and virtually unbreakable.

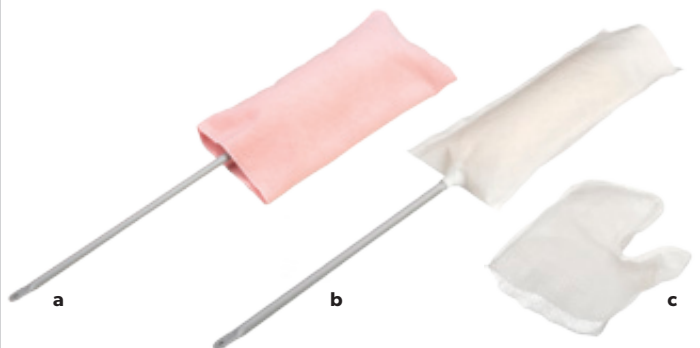

- a 350EX** Hi-Rise 12" Dusting Pom, extends to 44"
- b 360EXS** Super Hi-Rise 12" Dusting Pom, 2 stage extension to 58"
- c 350Flex** The Flex 12" Dusting Pom, extends to 42" with flexible head
- d 360SFlex** SuperFlex 12" Dusting Pom, 2 stage extension to 58" with flexible head

Economy Dusters

These models are manufactured with the same great wool and construction as our premier line, with a smaller dusting pom. Recommended for bids.

- a 308JR** Junior 8" Dusting Pom, 20" overall
- b 310SH** Shortie 10" Dusting Pom, 24" overall
- c 355ESH** 10" Dusting Pom, extends to 42"
- d 365ESH** 10" Dusting Pom, 2 stage extension to 58"

Dust Mates

A selection of dusting accessories designed to enhance a dusting program. The sleeves are created to deal with heavy dust, and can be used with wool or feather dusters. The Mitt is for dusting arms reach, and smaller surfaces, such as railings, or for using for 'white-glove' testing.

- a MFS-DP100** Microfiber Dusting Sleeve 14" X 7"
- b DM14SP** Disposable Dusting Sleeve 14" X 6"
- c DM100DDM** Disposable Dusting Mitt - one size fits all

SYNTHETIC & MICROFIBER DUSTERS

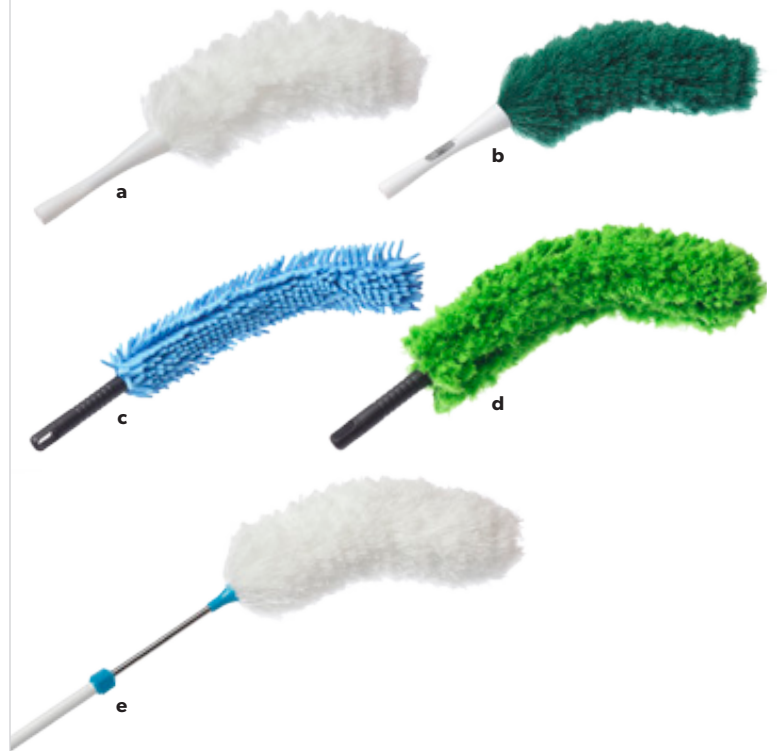

Synthetic dusters, manufactured from polypropylene fibers and Microfiber offer an economical and effective alternative for dusting jobs. This selection of models are designed for both arms reach and high dusting – as many models easily attach to utility handles. Washable and versatile.

Synthetic Duster

Multi colored dusters manufactured from polypropylene fibers; effective for dusting all surfaces, high and low. The S82EPPD, S83EPPD and S54EPPD models are designed high dusting. The S83EPPD has a detachable 20" Dusting Head that secures to the EAL-5 extension handle. The head - S83EPPD-H - can also be purchased separately as a refill, or used as a hand duster.

- a S24PPD** 14" Dusting Pom, 24" overall with flexible head
- b S54EPPD** 14" Dusting Pom, extends to 54" with flexible head
- c S82EPPD** 14" Dusting Pom, extends to 82" with flexible head
- d S83EPPD** 14" Dusting Pom, extends to 83", with 20" detachable flexible head
- e S83EPPD-H** Replacement head for S83EPPD

Microfiber Dusters

These microfiber dusters are designed for all dusting duties. The acme thread adaptors are designed to allow the dusters to secure to utility handles for extra high reach. Refill sleeves can be ordered for 2 of the models. All are washable.

- a MFD-20** 13" Dusting Pom, 20" overall, white fiber
- b MFD-20G** 13" Dusting Pom, 20" overall, green fiber
- c MFD-22** Microfiber and Chenille, 17" Dusting Pom, 22" overall, blue fiber
- MFD-22R** Refill sleeve for the MFD-22
- d MFD-23** Microfiber Yarn, 18" Dusting Pom, 23" overall, green fiber
- MFD-23R** Refill sleeve for the MFD-23
- e MFD-24EX** Extendable Microfiber Duster, 12" Dusting Pom, extends to 54", white fiber

FEATHER DUSTERS

Soft and supple, feathers effectively pull dust away from fine objects – including plants, bottles and glass ornaments. They are particularly useful in grocery stores, gift shops, bottle shops, and convenience stores, as well as for maintaining leafy plants. Feathers are a natural product; some variance, in color, length and texture should be expected.

Premium Black Feathers

Black feathers are the softest, highest quality available.

- a P13B** 7" Plume, 13" overall
- b P20B** 9" Plume, 20" overall
- c P28B** 11" Plume, 28" overall

Premium Grey Feathers

Grey feathers are a super soft professional quality feather.

- a P13G** 7" Plume, 13" overall
- b P20G** 9" Plume, 20" overall
- c P28G** 11" Plume, 28" overall
- d P34G** 18" Plume, 34" overall
- e P60GEX** Premium Grey Feather Duster, 11" Plume with 2 stage plastic handle that extends to 60"

Retractable Feather Dusters

Fits comfortably in a back pocket; the casing protects the feathers between uses.

- a R16G-P** Retractable 7" Plume, 16" overall in plastic case with comfortable flare design
- b R16G** Retractable 6" Plume, 15" overall in plastic case
- c R16G-E** Economy retractable 6" Plume, 16" overall in plastic case

Economy Feather Dusters

Economy models are manufactured with ostrich chick and tail feathers, or rooster or turkey feathers as indicated; excellent bid items.

- a D06EC** Turkey Feather Duster Plastic Handle, Assorted Colors 14" overall
- b D13EC** Rooster Feathers 8" Plume, 16" overall, turned handle
- c D14EC** Ostrich Feathers 7" Plume, 1/2" dowel handle, 14" overall
- d D12EC** Ostrich Feathers 6" Plume, shaped handle, 12" overall
- e D23SEC** Ostrich Feathers 12" Plume, 3/4" dowel handle, 23" overall
- D27SEC** Ostrich Feathers 12" Plume, 3/4" dowel handle, 27" overall
- f D30EC** Ostrich Feathers 14" Plume, 1/2" dowel handle, 30" overall
- g D31SEC** Ostrich Feathers 14" Plume, 3/4" dowel, 31" overall
- D34SEC** Ostrich Feathers 16" Plume, 3/4" dowel, 34" overall
- D37SEC** Ostrich Feathers 18" Plume, 3/4" dowel, 37" overall

HIGH DUSTING

Dust safely with two feet on the floor! This selection of specialty dusters is designed for high dusting jobs, offering a fast and safe solution for hard to reach surfaces. All models in this category will secure to any Acme threaded utility handle for long reach (sold separately). For a complete selection of available handles, see page 15.

Wall and Ceiling Dusters

Wall and Ceiling Dusters are designed for high, expansive surfaces, including walls and ceiling moldings. Big Red is very popular for restoration and construction clean-up.

- a 322WC** Wall & Ceiling 12" x 6" Dusting Pom, plastic frame
- 322WC-RF** Wall & Ceiling with removable wool pom 12" x 6"
- 322WC-R** Wall & Ceiling refill for for 322WC-RF
- b 322WC-16** Wall & Ceiling 18" x 6" Dusting Pom, wire frame
- c 322WC-BR** Big Red 36" x 10" Dusting Pom

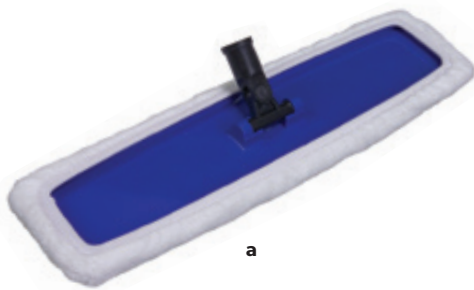

Corner Boy and Web Dusters and Feather Head

Corner Boy is particularly effective dusting high, tight spaces, including light fixtures, vents and shelving. Web duster is designed to break up cobwebs in one pass. The Feather Head is ideal for chandeliers and other delicate light fixtures.

- a 346-CB** Corner Boy 12" Dusting Pom on a flexible shaft
- 348-CBR** Wool refill sleeve only for Corner Boy, secures to flex shaft with velcro
- 344-CBX** Corner Boy packaged with an extra wool refill sleeve
- b 347-CB Max** 22" Dusting Pom on flexible shaft
- c CWD-100** Web Duster 10" overall with contoured synthetic fiber Dusting Pom
- CWD-100-H** Web Duster with EAL-CWD handle
- d FDH-15** Feather dusting head with Acme thread to secure to utility handles. 15" Plume
- FDH-12** Feather dusting head with Acme thread to secure to utility handles. 12" Plume

Easily meet the lowest dusting challenges with these products, created in natural lambswool, microfiber, and disposable and biodegradable fiber. These products are suitable for commercial, educational, athletic, institutional, medical, and residential settings. The Glider and Floor Master are available in convenient merchandising packs (see page 19). They work great on walls too! Refills can be purchased separately for all models. The Bio Mop is ideal for health facilities and commercial, office and hospitality settings.

Glider

With its low profile and swivel design, the Glider dusts under, over and all around. The Glider is powered by a microfiber mop pad that fits snugly to its molded mop frame.

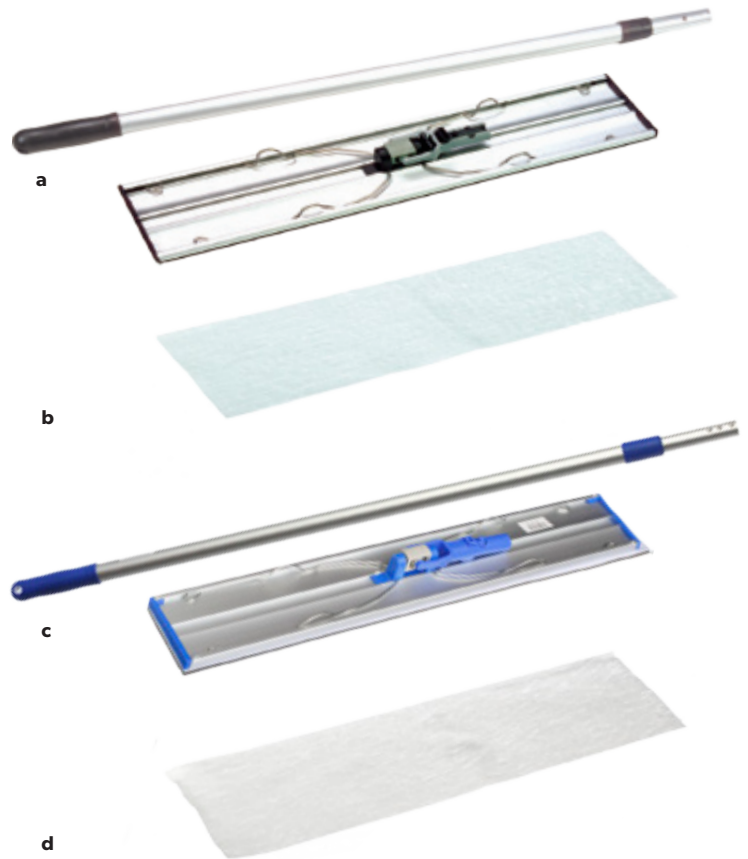

- GFM12** Glider Microfiber Duster 12" x 4.5"
- a GFM18** Glider Microfiber Duster 18" x 4.5"
- GFM24** Glider Microfiber Duster 24" x 4.5"
- GFMR12** Glider Microfiber Refill 12" x 4.5"
- GFMR18** Glider Microfiber Refill 18" x 4.5"
- GFMR24** Glider Microfiber Refill 24" x 4.5"

Floor Pro and Floor Master

The Floor Pro is a luxurious sheepskin dust mop designed for homes, hotel lobbies and high-end retail outlets. The Floor Master is a microfiber mop that is suitable for floors and walls. Both come with a solid plastic frame with 360° swivel.

- a 382-FP** Floor Pro Wool floor mop 21" x 15"
- 384-FPR** Floor Pro Wool Refill
- b 386-FM** Floor Master Microfiber floor duster 15.5" x 9"
- 388-FMR** Floor Master Refill

Bio Mop

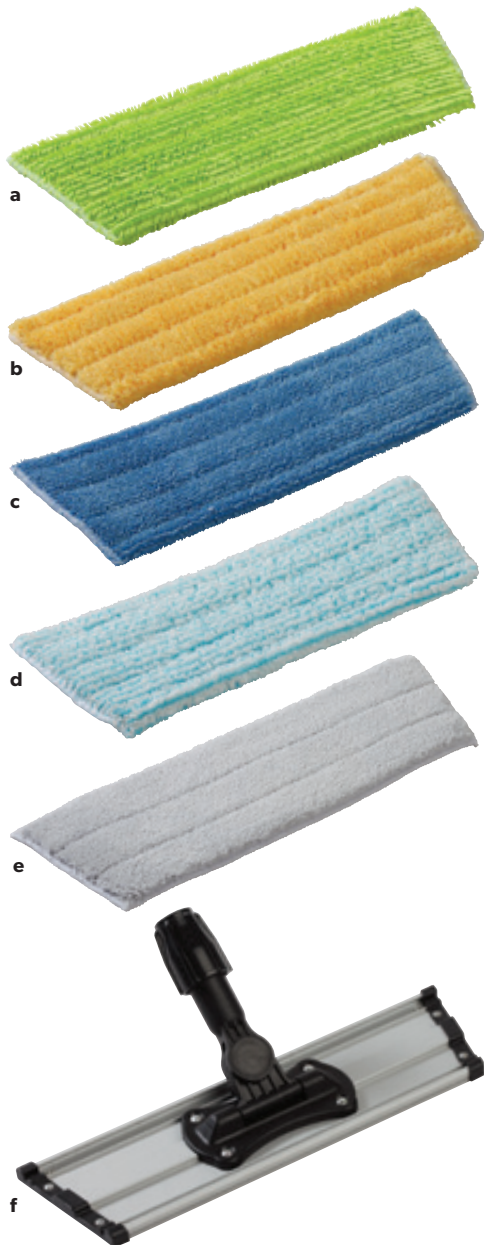

The Bio Mop is a light weight, easy to use, dry mopping system. It features a 24" disposable sheet that secures easily with spring clips to a 24" frame. Dirt is attracted to the sheets by a short life electrostatic charge. Highly recommended for health care settings, as well as lobbies and other high traffic areas. The BMFRS sheets are rated as biodegradable.

- a BMF24** Bio Mop frame 24" with aluminum handle (extends to 60")
- b BMFRS** Bio Mop sheets - 24" x 8", green
- c BMF24-D** EcoMop Frames 24" with aluminum handle (extends to 60")
- d BM-ECO200** Bio Mop Eco Sheets - 24" x 8", white

FLOOR CARE

Dust, clean, polish, apply, buff, polish, protect and caution with this selection of floor care products. Offering products in Microfiber, lambskin, wool and synthetic fiber, they are designed for hard surfaces ranging from hardwood, to concrete, ceramic tile to marble, as well as carpet. This section includes a new T-Bar Applicator system.

Microfiber Floor Pads and Pad Holders

Five pads to address critical floor care jobs. Microfiber fabric is rolled over the leading and back edges. Secures to pad holder with Velcro. Pad holders are designed to secure to a utility handle (EAL-MFPH) with compression fit, and Velcro to hook to hold pads securely. 360 degree swivel ensures easy access to tight spots.

WindowPro Scrub Sleeves are all manufactured from super absorbent yarn with reinforced corners and a double velcro closing. The Super WindowPro is equipped with a soft abrasive strip for additional cleaning strength, while Microfiber models offer extra cleaning strength and absorbency. The velcro closing is convenient and securely fastens the sleeve to the T-Bar. WindowPro products accessorize with T-Bars, Chamois and Utility Handles. Sleeves and T-Bars are packaged with a header card for convenient retail display. We are pleased to add the Combinator squeegee to the line.

T-Bars will not break through reinforced corners

Utility Handles – 117 Premium Line

The Premium line was designed to compliment our WindowPro line and High Dusting products. These handles are also effective for painting, light bulb changing and other light utility work. The tapered head on the handles will receive squeegees and T-Bars; all threads are Acme fit.

- a 117-5** 3.5' to 6.5', 2 sections, metal with internal lock
- b 117-6** 3.5' to 6.5', 2 sections, aluminum with external lock, and tapered head
- c 117-12** 5' to 13', 3 sections, aluminum with external locks (comes with tapered adaptor)
- d 117-16** 6' to 16.5', 3 sections, aluminum with external locks (comes with tapered adaptor)

Utility Handles – Economy Line

Lighter weight than the Premium Line; aluminum with Acme thread and internal locking mechanism. The Economy Line is ideal for high dusting, floor care and light utility work.

- e EAL-CWD** 28" to 48" 2 section metal handle with internal lock
- f EAL-5** 3.5' to 5' 3 section aluminum handle with internal lock; recommended for S83EPPD, Glider, and MFD-20 and MFD-20G
- g EAL-MFPH** 5' aluminum handle for MFHP Pad Holders only
- AL-2** 2' to 4', 2 sections aluminum with internal lock
- AL-6-6** 3.25' to 6.5', 2 sections aluminum with internal lock
- AL-3-10** 3.5' to 10.5', 2 sections aluminum with internal lock
- h AL-3-4** 5.5' to 15.5', 3 sections aluminum with internal lock
- AL-3-5** 7.5' to 20.5', 3 sections aluminum with internal lock
- i 54WH** 54" x 15/16" wooden handle
- j 712PCA** Plastic Cone Adaptor to fit window squeegees and t-bars

SPECIALTY CLEANING AND AUTO CARE

Lambskin Specialties has created and sourced a variety of exceptional products designed for special cleaning tasks and automotive care, addressing jobs ranging from bathtubs to RV's to tractor trailers. The pad holders and pads are interchangeable. Chamois products are also great for window care work.

The MultiFlex flexes easily to meet the contours of a variety of surfaces.

MultiFlex System

The amazing MultiFlex pad holder offers maximum flexibility to clean contoured surfaces, most notably bathtubs, spa tubs and shower stalls. They are ideal for use in hotels, health clubs, spas and home settings as well as for automotive and marine care. But that is just the beginning! Use with the two Microfiber pads for cleaning and drying, or the SP-100 abrasive pad. Pads are held secure with Velcro hook. The MultiFlex pad holder is equipped with both Acme Thread and compression fit to secure to utility handles.

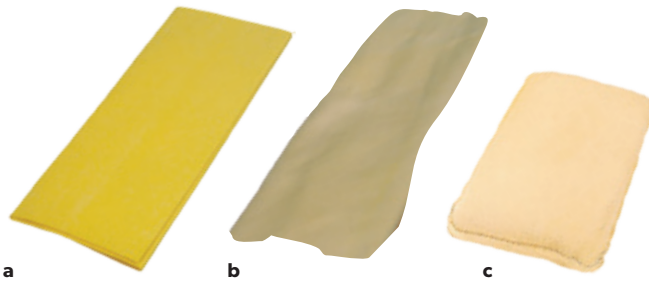

- a UPH-FL** MultiFlex Pad Holder
- b MFDP09** Microfiber Drying Pad 9" x 4"
- c MFDC09** Microfiber Cleaning Pad 9" x 4"
- d SP-100** Scrub Pad - 4 5/8" x 10"

Microfiber Cloths and Towel

Clean faster and better, with less detergent; microfibers are a revolutionary solution to today's cleaning challenges. Ideal for cleaning, drying, polishing and dusting. Use on a variety of surfaces, inside and out, including counters, food service, glass, stainless steel, automotive and marine, patio furniture, bathroom fixtures and more.

- a MFC-G256** 16" x 16" - For Glass
- b MFC-AP256** 16" x 16" - All Purpose. Available in Blue, Green, Yellow and Pink
- c MFC-W256** 16" x 16" - Waffle
- d MFC-C256** 16" x 16" - Chamois
- e MFT-1021** Microfiber Drying Towel 23"x 15"
- f MPC-PC256** Microfiber Basket Weave Cleaning and Polishing Cloth 16"x 16"

Chamois

Chamois are ideal for removing excess moisture from windows, mirrors and automotive glass. Select soft natural cod-oil tanned Chamois, Handi-Shami poly- sponge encased by natural chamois, and Chamois Cloth non-woven synthetic Chamois to dry cars, trucks and boats with professional results.

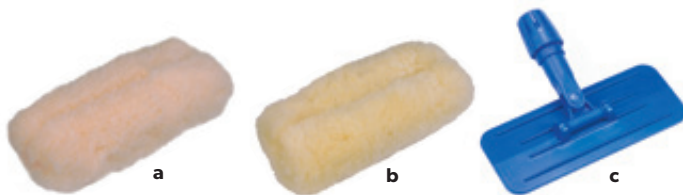

- a FCCC-125** Synthetic Chamois Cloth – 16" x 11"

- NC-5.0** Natural Chamois – 5 sq. ft.
- c HS-1A** Handi-Shami – 3.5" x 4.5" x 1.5"
- HS-2B** Handi-Shami – 4" x 6" x 2"

Auto Duster

The Auto Duster effectively removes dust from cars, revealing a beautiful finish. The Auto Duster may be used with spray dust treatment and can also be used on auto interior surfaces and inside the home.

- AD-8511** Yarn Auto Duster 14" overall, 3.5" trim

Pad Holder and Accessories

The MacPad is designed to delicately remove stubborn build up on windshields, auto bodies, boats, aircraft and RVs. The MacPad is an excellent alternative to a wash mitt to reach all the surfaces. The Utility Pad Holder can also be used with all scrub pads for floor and general maintenance. It secures to utility handles with acme thread.

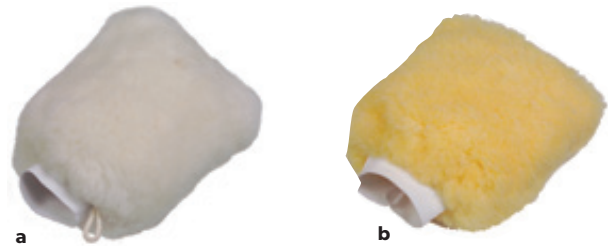

- a MP49** MacPad 4.5" x 9.5" Synthetic Wash Pad
- b LMP49** MacPad 4.5" x 9.5" Lambskin Wash Pad
- c UPH200V** Utility Pad Holder with velcro 3.25" x 9"

Auto Squeegee

Our AS50 Squeegee features a 10" plastic head with a sponge and squeegee blade, on a 29" – 50" extendable lightweight quick lock aluminum extension handle. The handle is equipped with a comfortable foam grip. The AS50 is also great for SUV's, trucks, RV's, boats and aircraft. The WAS18 and PAS 18 offers great economy and are ideal for gas bars and c-stores.

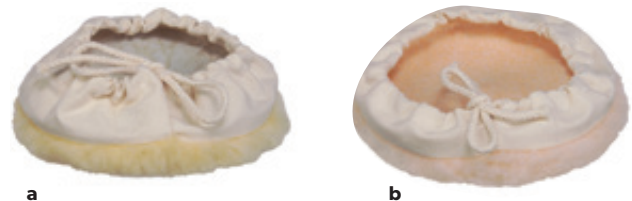

- a AS50** 29" – 50" Extendable Automotive Squeegee with a sponge, and 10" plastic head
- b WAS18** 18" wood handle, 10" metal head
- c PAS18** 18" plastic handle, 8" plastic head

Wash Mitts

Wash Mitts, both synthetic and lambskin, hold loads of water, and will soak vehicles without scratching. The lambskin mitts are also great when used dry for polishing and dusting.

- a WM-LS2B** Lambskin Wash and Polishing Mitt – 8" x 10"
- b WM-1A** Synthetic Wash Mitt – 8" x 10"

Polishing Bonnets

Ideal for finishing and touch-ups and auto body work. The Lambskin Bonnets are manufactured from dense 3/4" hides.

- a 07LBP-DS** 7" Lambskin Polishing Bonnet with drawstring
- 09LPB-DS** 9" Lambskin Polishing Bonnet with drawstring
- b 07SPB-DS** 7" Synthetic Polishing Bonnet with drawstring
- 09SPB-DS** 9" Synthetic Polishing Bonnet with drawstring

MERCHANDISING

Introducing 6 great display products designed to generate sales and drive up profits in your showroom. They are ideal for presenting best sellers and for introducing new favorites.
