Max Packaging Plant and Headquarters

109 6th Avenue N.W.; Attalla, AL 35954

Ph. (256) 538-5439 1-800-543-5369 Fax: (256) 538-1929

QR codes are a convenient, easy-to-use method for patients to access relevant information such as:

Diet Information

- Educate patients about the necessities of their diet and how to improve their overall health

Kit Contents

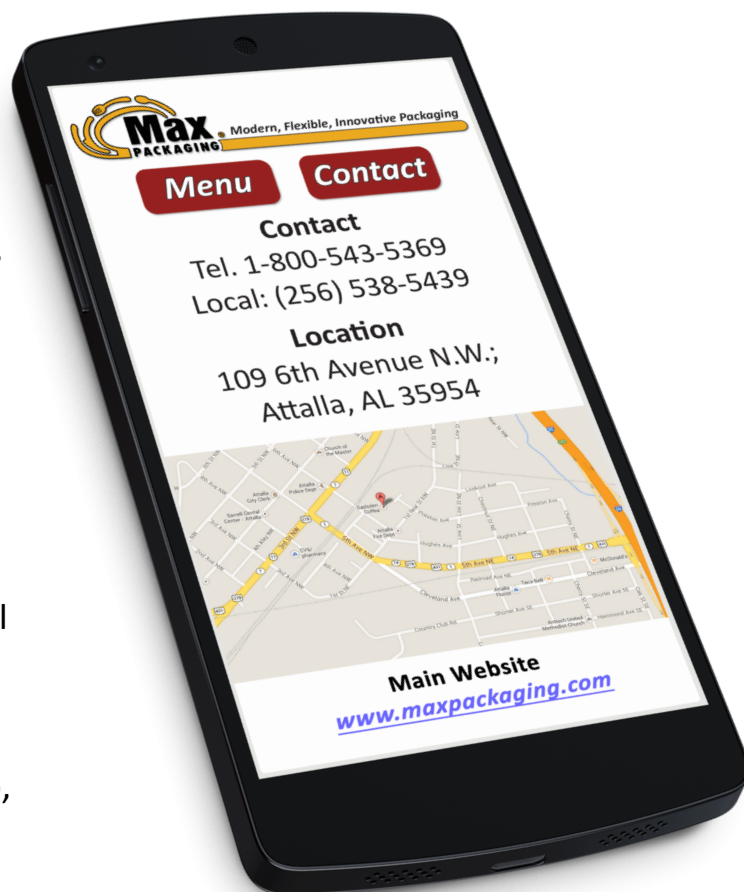

- Allow ease of access to ingredient lists and when to use specific kits

Event Lists

- View upcoming activities or even a meal menu for patients

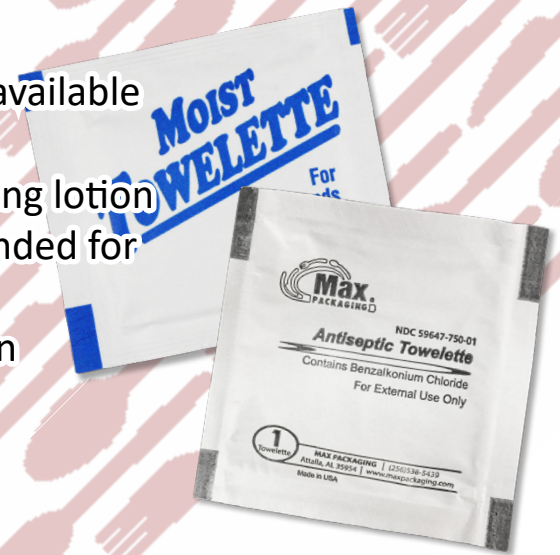

Facility Information

- Provide details, such as a hospital map, to ease patient navigation

Add-On Wetnaps

- **Wetnaps** can be included in your kit and are available as moist towelettes or antiseptic towelettes.
- **Moist towelettes** are saturated with a cleansing lotion that requires no water and dries quickly. Intended for refreshing the face and hands.
- **Antiseptic towelettes** are used to prevent skin infections in minor cuts, scrapes, and burns.

Printed Film

Printed film for dietary kits is available in three different options:

Standard Film Option 1

- Requires a film inventory agreement over a 12 month period
- 40 case minimum order release through an authorized Max Packaging distributor

Special Film Option 2

- Does not require a film inventory agreement
- 25-40 case minimum order release through an authorized Max Packaging distributor
- Same quality as film option 1, but due to the lower minimum incurs additional costs

Process Print Option 3

- Requires no annual contract, and a minimum production run of 500 cases through an authorized Max Packaging distributor
- Limitless colors of near photographic quality
