Description

This ultra fast drying silicone spray is formulated specifically for the needs of the textile and food industries. This medium viscosity formula provides light lubrication of a wide variety of surfaces in textile plants including cutting tables, needles, blades, foam/fabric installation, and other applications in upholstery shops, garment and milling operations. Intended for use in producing, manufacturing, packing, processing, preparing, treating, packaging, transporting, or holding food. Applicable areas include those such as ice machines, knives, cutting tables and blades. The silicone is colorless, odorless, heat stable, and nonstaining. This next generation, hexane-free and low VOC formula contains no ozone depleters, carcinogens, or chlorinated solvents. In addition, the fan spray pattern reduces overspray and waste.
