# OptiClean™ Glass Racks

Engineered to Flow

OptiClean Glass Racks are engineered to flow. Our honeycomb design makes our racks incredibly durable while partnering with our open wall design to ensure the free flow of water and soap. Colored coded extenders options make sure the flow of your glass from place to place in your facility.

Features

Honeycomb Design

Allows a free flow of soap and water and balanced weight dispersion when racks are stacked high
Rounded Edges

Release food particles and dirty water
Compatible Stacking

Fits standard dish racks ensuring a smooth transition to Carlisle washracks without interrupting workflow

Color-Coded Extenders

Make it easy to identify glass rack size or match specific glassware with a specific rack simply by color

Available in six color choices to make identifying rack size and matching glassware easy

Double-wall construction provides maximum stregth and provides protection from glassware breakage

Rounded edges allow for easy cleaning and the release of food particles

Open wall design facilitates superior washing and fast drying

Textured finish reduces scratches, improves durability and provides a secure grip
