## A Great Solution for:

Foodservice, High-Traffic,  
Education, Industrial & Retail

### 99% Toilet Paper Usage

The combination of having a coreless roll with only one roll accessible at a time helps eliminate stub roll waste.

### 2-PLY Perforated Toilet Paper

Easier to use than traditional non-perforated jumbo rolls.

### Waste Reduction Built In

A simple guard prevents staff from removing stub rolls before they are fully used.

### Hygienic

The three rolls not in use are completely covered which helps protect from cross contamination

The Pacific Blue Ultra™ coreless dispenser system **reduces bacteria on the completely covered rolls by 98.5%**, compared to traditional Twin Jumbo Roll Tissue Jr. Dispensers.<sup>3</sup>

### Efficient Storage

High-density 24 roll cases deliver 14.75% more linear feet of toilet paper per case while using 23% less storage space.<sup>2</sup>
