Creating value and efficiency is at the heart of a comprehensive approach to solutions for the healthcare and cleaning industry. The Geerpres® system includes quality, warranted products, hardware and advanced supplies paired with a leading EVS software management program. The result: EVS teams and patients will benefit by lowering operating costs, improving HCAHPS scores, and eliminating HAIs.

LIFETIME WARRANTY

For the lifetime of any Stainless Steel or Powder-coated Enterprise® EVS Cart, Geerpres® warrants materials and workmanship to the original purchaser. Geerpres® will provide, at their sole discretion, repair or replacement of the product or components thereof, providing specified Care and Maintenance procedures are followed. Products covered under this warranty are:

- Enterprise® EVS Carts: Stainless Steel
- Enterprise® EVS Carts: Powder-coated

This Lifetime Warranty does not include the Project Trolley or Escort powder-coated carts and excludes shipping and handling charges, abuse or neglect by the user(s), and any standard wear items such as bags, casters, locks/keys, etc.

SEE WEBSITE FOR FULL DESCRIPTION OF WARRANTY LIMITATION AND EXCLUSIONS. www.geerpres.com

10-YEAR LIMITED WARRANTY

For a period of 10 years from the date of purchase, if any Stainless Steel Buckets or Wringers proves defective in materials and/or workmanship during normal use by the original purchaser, Geerpres® will provide, at their sole discretion, repair or replacement of the product or components thereof, providing all care and maintenance procedures have been followed and the product has not been abused. Products covered under this limited warranty are:

- Buckets: Stainless Steel
- Wringers: Stainless Steel
- Project Trolley
- Orion Stainless Steel Cart

This limited warranty excludes shipping and handling charges.

Exclusion: Mixing zinc-plated and galvanized products with stainless steel products will void the 10-year limited warranty due to a galvanic reaction.

5-YEAR LIMITED WARRANTY

For a period of 5 years from the date of purchase, if any zinc-plated or galvanized wringers proves defective in materials and/or workmanship during normal use by the original purchaser, Geerpres® will provide, at their sole discretion, repair or replacement of the product or components thereof, providing all care and maintenance procedures have been followed and the product has not been abused. Products covered under this limited warranty are:

- Wringers: Zinc-plated
- Buckets: Galvanized
- Casino "Slot" Cart

This limited warranty excludes shipping and handling charges.

*Closeout items excluded from warranty.

WHY CHOOSE THE ADVANTEX® ADVANTAGE?

The Advantex® microfiber offers the benefits of microfiber cleaning with efficiency and environmental safety.

Lock in and remove bioburden while eliminating risks of cross-contamination.

Designed for daily floor cleaning in healthcare and cleanroom/laboratory applications, the Advantex® Microfiber Mop has been tested and proven best-in-class for non-quat binding, disinfection application, solution delivery, and reducing chemical utilization and waste.

THE SIMPLE TRUTH WHY MICROFIBER IS BETTER.
99% EFFICACY OF PATHOGEN REMOVAL.

MICROFIBER

Highly absorbent and effective at picking up and holding on to soil, bacteria, and dust.

COTTON

Absorbent, but pushes soil and bacteria around rather than picking it up and removing it.

THIS STUDY EVALUATED LAUNDERED MICROFIBER MOPS FROM ELEVEN HOSPITALS AND FOUND THAT 27.3% OF THE NEWLY LAUNDERED MOPS CONTAINED MICROBIAL CONTAMINATION, INCLUDING HAI PATHOGENS.

A Laundered Mop with Melted Microfiber and Soil Accumulation at 1000x Power (Phenom G1 SEM and Quorum Technologies SC7620 Mini Sputter Coater with a Gold/Palladium Target)

Test Results for Several Microfiber Mop Brands for Absorption, Application Efficacy, and Wasted Disinfectant Product

Laundered Mops	94.0	496.0	402.0	342.0	154.0	38.3%	267	248.0	61.0%	YES	YES

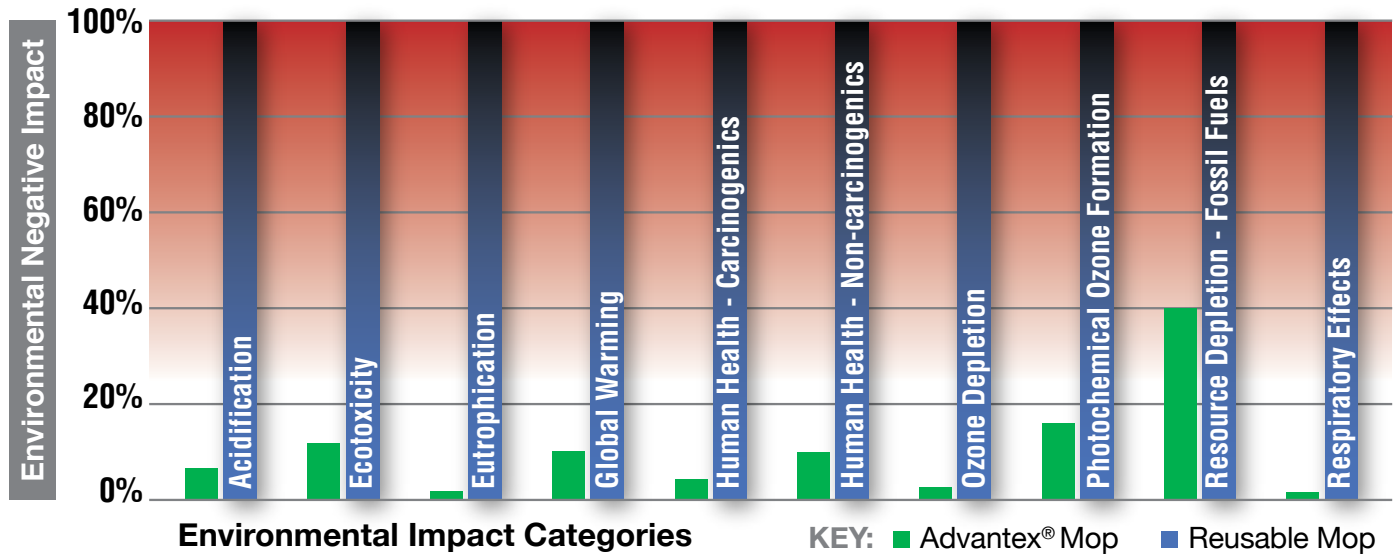

This study evaluated Advantex® (Brand A) and several brands of single-use microfiber mops and determined that differences vividly exist between brands on several critical criteria such as disinfectant neutralization, absorbency and dispersion/release efficacy, floor coverage, and wasted chemical solution. The full-length microfiber mop case study and lab results are available upon request. (By David Harry and Jack McGurk, MPA.)

ENVIRONMENTAL LIFE-CYCLE ANALYSIS

SINGLE-USE AND REUSABLE MOPS LIFE-CYCLE COMPARISON

Richard Venditti, Elis and Signe Olsson Professor, Department of Forest Biomaterials, North Carolina State University, Room 1204 Pulp and Paper Labs, Raleigh, NC 27695-8005

SUMMARY & RESULTS

The Advantex® Single-use Mop has a significantly lower environmental impact than a reusable laundered mop in every category assessed in the EPA TRACI model. A contribution analysis on the global warming potential of the two indicates that the electrical power and chemistry needed to wash and dry the reusable mop dominates environmental adverse implications.

This report summarizes the findings of an environmental impact analysis of two types of mops, the Advantex® Single-use Microfiber Mop (disposable) and a reusable microfiber mop. Each type of mop was evaluated for 100 uses. The Advantex® Single-use Mop included 100 mops that were each used one time and then disposed of after being transported 20 miles to an incineration facility.

The reusable mop was used one time for each application, followed by a washing and disinfection step, followed by drying. The reusable mop was used, cleaned, dried, and transported 40 miles daily and then to an incineration facility. Cleaning of the reusable mop included the use of a washing machine and both detergent and bleach. **For the Advantex® Single-use Mop, it was assumed that 93% of the chemistry was delivered to the floor. The reusable mop was assumed that 40% of the chemistry was delivered to the floor.**

The life-cycle inventory (LCI) chart tabulates all the environmentally-relevant mass and energy streams included in the study. The key difference is that the raw materials for the Advantex® Single-use Mop are much higher than the reusable mop since 100 single-use mops are used. This also translates into more waste for the single-use mops. The reusable mops, on the other hand, require a washing/drying step for reuse and as such use considerable water, chemicals, and energy.

NOTE: The complete report, all data, tables and results are available upon request.

REPORT MODEL

The LCI results were input into an OpenLCA environmental life-cycle analysis software package that used the Environmental Protection Agency (EPA) TRACI model to calculate the environmental impact categories for each type of mop.

Geerpres® Advantex® Mops are constructed of 71% post-consumer material.

ADVANTEX® SINGLE-USE MICROFIBER MOPS

ADVANTEX® SINGLE-USE MICROFIBER MOP

Microfiber locks and lifts bioburden, dirt and contaminants away for efficient and effective cleaning.

CONSTRUCTION FEATURES

- Synthetic construction is compatible with all disinfectants, including quats, chlorine and peroxides
- Non-linting, USP 797 compliant
- Patent #11045063

18" MOP PERFORMANCE SPECIFICATIONS / CHARACTERISTICS

Model #4831	Solution Sorbent Capacity	2001 ml/m ² < 1 sec.
	Adsorption Capacity	>800%
	Solution Release	94%
	Disinfectant Compatibility	All, Beyond 8 Hours
	Saturated Coverage Area	Up to 250 sq. ft.
	Size	5" W x 18" L
	Packaging	300 Units, 50/Pack, 6 Packs/Case
	Box Dimensions	20" x 12" x 10" (12.5 lbs)

PERFORMANCE FEATURES

- Superior option to eliminate cross-contamination risks for critical area cleaning
- 18" mop covers up to 250 sq. ft. per mop
- Best-in-class solution volume delivery with the least waste of any similar product (supporting data available upon request)
- Microfiber performance with effective, consistent bioburden/bacteria removal (3-4 log)
- Efficient cleaning impact in comparison to laundered mops

ADVANTEX SINGLE-USE PRODUCTS

ADVANTEX SINGLE-USE STRAP MOP

The Advantex Single-use Strap Mop is compatible with all Geerpres® wringers, the Geerpres® DynaMate®, and other traditional mop holders. Composed of a 1.5" band and microfiber straps, the Advantex Strap Mop quickly absorbs large spills, can absorb up to 84 oz. of fluid, and has tremendous cleaning efficacy with grease, oils and antifreeze.

MODEL #4852

NEW ADVANTEX LOO-MOP

The Advantex Loo-Mop is a sustainable toilet brush with bamboo handle, comprised of 100% biodegradable materials. Durable for multi-use through a single-use design, the Advantex Loo-Mop reduces waste (versus plastic toilet brushes) and cross-contamination risks. Patent pending. MODEL #4855

FEATURES & BENEFITS

- Improve EVS cart cleanliness, eliminating toilet brush buckets, drips and spills
- Multi-layered, 4" diameter pads with durable fibers
- Avoid the risk of disposable pads clogging toilets and drains
- 14" long overall and 1.5 oz. each with a slightly curved handle to reach crevices

ADVANTEX HIGH-ABSORBENCY SINGLE-USE MOP

The 18" Advantex High-Absorbency Single-use Mop works with the 16" Advantex® Single-use Mop Frame (Model #4713) and traditional Velcro® frames. Designed to absorb spills quickly using a flat mop handle without the mess of a bucket and wringer. Absorbs up to 32 oz. in 2-4 minutes with no drips or leakage from floor to trash.

MODEL #4830

ADVANTEX SINGLE-USE FLOOR DUSTER

The Advantex Single-use Microfiber Floor Duster is designed to attract and hold dust and debris with the microfiber mop and looped fringe. The mops are compatible with most 5" wide floor duster frames.

ADVANTEX LIMITED-USE MICROFIBER FINISH MOP

Advantex Limited-Use Microfiber Finish Mops can easily be attached and removed from the flat mop head frame then thrown away after use. These mops will save you money and time on washing and handling. 18" x 5 1/2" (50 per carton)

MODEL #4828

Frame sold separately.

ADVANTEX® SINGLE-USE MICROFIBER WIPES

Achieve ideal surface disinfection with the Advantex® Wipe, constructed of 70 GSM (1/4 folded wipe) and 48 GSM (rolled wipe) hydroentangled, synthetic microfibers.

ADVANTEX® SINGLE-USE MICROFIBER WIPES

Compatible with all disinfectant solutions, Advantex® wipes are extremely durable and have tremendous absorbency and release in a single-use option.

Available in 12"x12" 1/4 Folded Wipes or 6" x 8" and 10"x12" Rolled Wipes in Convenient Packages.

ADVANTEX 1/4 FOLD WIPE DISPENSER

The Advantex 1/4 Fold Wipe Dispenser is designed to hold a 50 pack of the Advantex® 1/4 Fold Microfiber Wipes (Model #48424 not included). Add the cleaning chemistry of your choice or use dry. Flip-hinged lid securely attaches to bucket for easy access. Dispenser is 10"L x 8"W x 5"D and reusable, if desired.

MODEL #4843D

ADVANTEX SINGLE-USE MICROFIBER WIPE DISPENSER

The Advantex Single-use Microfiber Wipe Dispenser is compatible with both the 6 x 8" (Model #48426) and the 10" x 12" (Model #48421012) refill rolls (not included). Add the cleaning chemistry of your choice or use dry. Dispenser is reusable, if desired.

MODEL #4846D

WIPE CONSTRUCTION FEATURES:

- Compatible with all disinfectants, including quats, chlorine and peroxides
- Non-linting, USP 797 compliant
- 70 GSM (1/4 folded wipe) and 48 GSM (rolled wipe) hydroentangled, synthetic microfibers

MICROFIBER PERFORMANCE FEATURES:

Superior option to eliminate cross-contamination risks for critical area cleaning

- Excellent absorbency, release and square foot coverage in a durable single-use wipe - will not rip/tear
- Effective, consistent bio-burden removal (3-4 log)

DOWNPRESS WRINGERS

PRINCE®

Zinc - plated
Downpress Wringer

STANDARD FEATURES:

- Only offered by Geerpres®
- Simple, one-stroke operation wrings mops up to three times faster than other designs
- Solid steel gear shaft for unmatched durability
- Double-staggered metal gears for solid, slip-proof operation
- Long-wearing steel bushings where the gear shaft enters the side plates
- Welded and riveted construction, PLUS zinc electroplating, makes these wringers as long-lasting as they are effective
- Accommodates virtually all popular string mop sizes (12 – 32 oz.) or the 50 oz. Advantex Single-use Strap Mop (Model #4852)

MODEL #1010
Prince®
Zinc - plated
Downpress Wringer

PRINCE® ZINC - PLATED DOWNPRESS WRINGER

Name	Standard Stock #	Basket Volume	Mop
Prince® Zinc-plated Downpress Wringer	1010	212 cu. in.	12-32 oz.

ULTRA® PLASTIC

Downpress Wringer

STANDARD FEATURES:

- Constructed of nylon reinforced with fiberglass to provide added strength
- Solid steel gear shaft
- Smooth, hard surface offers superior resistance to staining and abrasion
- Unmatched operating efficiency
- Available in high-security/prison option
- Accommodates virtually all popular string mop sizes (12 – 32 oz.) or the 50 oz. Advantex Single-use Strap Mop (Model #4852)

MODEL #1420
Ultra® Plastic
Downpress
Wringer - Gray

Pair Ultra® Plastic
Downpress Wringer
with Either a 26-Quart

Ultra® Plastic Downpress Wringer - Gray	1420	230 cu. in.	12-32 oz.
Ultra® Plastic Downpress Wringer - Gray (High-Security/Prison)	1421	230 cu. in.	12-32 oz.

SEAWAY®

Zinc - plated
Sidepress Wringer

STANDARD FEATURES:

- Easy top-to-bottom squeezing action forces water from the mop down into the bucket, minimizing overflow
- Solid steel main shaft
- Accommodates virtually all popular string mop sizes (12 – 32 oz.) or the 50 oz. Advantex Single-use Strap Mop (Model #4852)
- Can be used on a wide variety of buckets, including plastic models
- Reinforced steel bottom band for stable operation and reduced bucket wear

SEAWAY® ZINC - PLATED SIDEPRESS WRINGER

Name	Standard Stock #	Basket Volume	Mop
Seaway® Zinc - plated Sidepress Wringer	1100	329 cu. in.	12-32 oz.

** Mixing zinc-plated and galvanized products with stainless steel products will void the limited warranty due to a chance of galvanic reaction.

STAINLESS STEEL Round Bucket

STANDARD FEATURES:

- Rolled, open rims reinforce the bucket and prevent accumulation of dirt and bacteria
- Seamless construction keeps buckets leak-free and easy to sanitize
- Permanently-etched gradations included for easy, accurate mixing
- With proper care, these buckets can provide a lifetime of corrosion-free use
- Bail ears located below rims to allow easy placement of wringer
- Compatible with the Royal-Prince® Wringer (Model #1009)

MODEL #2233

2233	11-Gallon with Bumper on 2" Casters	19-1/4" x 18"

GALVANIZED Round Bucket

STANDARD FEATURES:

- More usable capacity than oval buckets
- Hot-dip zinc galvanized after the bucket is formed for maximum strength
- Heavy wire reinforcement formed into top rim for added strength
- Perimeter-reinforcing rib indicates two-gallon increments
- Models with 2" casters include high-density, reinforced nylon spiders attached without rivet or bolt holes
- Compatible with the Floor-Prince® Wringer (Model #1010) and Seaway® Zinc-plated Sidepress Wringer (Model #1100)

MODEL #2023
8-Gallon on 2" Casters

2042	8-Gallon with Bumper on 2" Casters	17-1/4" x 17-1/4"

** Mixing zinc-plated and galvanized products with stainless steel products will void the limited warranty due to a chance of galvanic reaction.

SEAWAY® GALVANIZED Oval Bucket

STANDARD FEATURES:

- Oval design provides added mop clearance between wringer and bucket front
- Hot-dip zinc galvanized after fabrication to seal all seams and provide maximum corrosion resistance
- Reinforced bands and rolled rim add strength
- Permanently-etched gradations enable easy, accurate mixing
- Caster models feature rust-free nylon caster mounts with double-raceway, non-marking casters
- Compatible with the Floor-Prince® Wringer (Model #1010) and Seaway® Zinc-plated Sidepress Wringer (Model #1100)

PLASTIC BUCKETS

NEW ADVANTEX FLAT MOP CHARGING BUCKET

- Place the charging bucket in the front of the cart or under the rear bag to store soiled mops
- Securely fits the Enterprise® Cart to avoid sliding
- Designed for up to 50 or more Advantex® Mops
- Buckets can lock together to reduce spills
- Stainless steel handle with an ergonomic grip
- Reduced EVS cart weight with less charging fluid
- Lid hangs from bucket hooks to avoid loss
- Autoclavable option available on a special order basis (volume-based pricing)

Charging Bucket Challenge

Traditional Laundered Charging Bucket

- Requires 3x the Fluid Chemistry (6-gallon size)
- Generates 40x Solution Waste
- 3x the Weight

ADVANTEX Microfiber Charging Bucket

- Requires Much Less Fluid Chemistry (4-gallon size)
- Reduces Bucket and EVS Cart Weight

MODEL #7035
ADVANTEX 4-Gallon Flat Mop Charging Bucket

MICROFIBER FLAT MOP CHARGING BUCKETS

Plastic Charging Buckets

- 6-gallon (22-liter) capacity
- Ideal charging buckets for flat mops
- Available in blue or red for color coding

MODEL #4820
6-Gallon Gray Bucket with 2" Casters and Screen

CHAMP

Plastic Bucket

- Made from foam polymer that will withstand years of continuous wringing action
- Single-bail design virtually eliminates bail pull-out and pinched hands
- Unique double-wall design keeps bucket sides smooth and free of protruding supports
- Built-in bumper keeps bail and casters from damaging walls
- Double-raceway, ball-bearing casters add stability and maneuverability
- High-security option available

VIRTUAL MANAGER

Geerpres® is an official partner with Virtual Manager, offering a comprehensive EVS (environmental services) software management program. The Virtual Manager Healthclean Software provides real-time insight to improve labor efficiencies and EVS outcomes. Geerpres® EVS carts can be fitted to hold tablets equipped with the software, linking employees and supervisors.

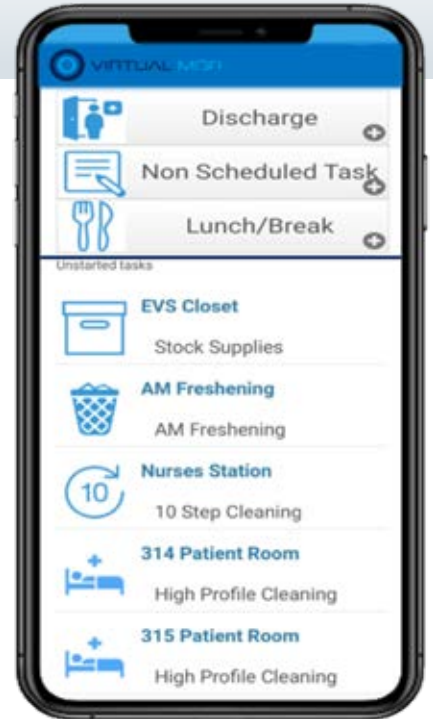

VIRTUAL MGR

WHAT CAN VIRTUAL MANAGER DO FOR YOUR COMPANY?

- Helps increase HCAHPS scores and decrease HAIs
- Increases employee productivity and accountability
- Customers report a 12% increase in labor productivity
- Provides access to data and analytics
- Manage workloads
- Ensures best practice methods
- Promotes a safer environment

VIRTUAL MANAGER AND GEERPRES® CARTS

Paired with Geerpres® EVS carts, EVS managers and front-line employees now have the best physical and online tools to clean productively, safely and efficiently. Geerpres® EVS carts can be fitted to hold mobile devices and tablets equipped with the software, linking employees and supervisors. Mobile devices and tablets are compatible with the Geer-Key Locking System.

BENEFITS OF VIRTUAL MANAGER'S HEALTHCLEAN SOFTWARE

- Increase quality and cleanliness of your facility
- Immediate two-way communication between supervisors and employees
- Proof of quality tool, acknowledges extra efforts of employee
- Online/critical information keeps employee empowered, better managed
- Reduces the need for direct supervision
- Assists supervisor productivity by reduction of paperwork, lost time
- Improved reporting and documentation of incidents, delays or changes in assignments
- Built-in e-learning component

CLEANROOM/CRITICAL ENVIRONMENT (CE)

CLEANROOM
