

SAF-T-WRAP® 12 & 18

BENEFITS

**KEEPS FILM AND FOIL
PROTECTED FROM DANGEROUS
CONTAMINATION**

**SINGLE HANDLE
MAKES IT EASY TO CARRY**

**OPTIONAL BRACKET MAKES IT A
COMPREHENSIVE STACKING STATION
TO DISPENSE FILM AND FOIL
AT THE SAME TIME**

Wrapping made faster, easier, and safer

Saf-T-Wrap® 12 and 18 were designed for those foodservice operations that already have a food labeling system in place. The two new sizes drastically reduces the footprint needed for a wrapping station. The smaller footprint requires less storage space as well.

The new Saf-T-Wrap® 12 and 18 have all the same functions of the original Saf-T-Wrap® Station. It is a safe, simple and easy solution to protect and keep film and foil sanitary.

The design promotes the full use of of your film and foil rolls avoiding waste of disposing partial rolls because of the difficulty from pulling from a box.

 **san jamar®**
smart. safe. sanitary.
