Make Sani Professional®

# Part of Your Process

Without proper cleaning and sanitizing protocols in place, food processing plants can become breeding grounds for germs that spread from surfaces to hands and back again.

When it comes to general cleaning, Sani Professional® pre-moistened or dry wipes are a better alternative to cotton rags.

Product	Description	Where to Use
<b>Cleaning Multi-Surface Wipes</b>  <b>90-CT. (A580FW)</b>	<ul style="list-style-type: none"> <li>A quick, easy-to-use alternative to cotton rags</li> <li>Leaves no streaks or residue</li> <li>Highly recommended for front-of-house cleaning</li> </ul>	<ul style="list-style-type: none"> <li>Food and bottling production areas</li> <li>Stainless steel surfaces</li> <li>Porcelain &amp; aluminum surfaces</li> <li>Cafeteria tables and chairs</li> </ul>
