

# SofPull®

## ADA COMPLIANT

Mechanical Dispenser meets ADA Guidelines when installed properly by requiring less than 5 lbs. of pull force and is operable with one hand.

## Updated Look. Same Great Hygienic Experience.

SofPull® Centerpull Paper Towel Dispenser System

### Efficient

One-at-a-time dispensing helps control usage and costs

### Hygienic

Touchless dispensing can help prevent cross-contamination

### Helps Reduce Waste

Controlled dispensing helps minimize usage

### Easy to Maintain

Self-threading design

### Soft, Absorbent

Towel dries hands quickly or wipes up large spills and tough messes

Georgia-Pacific

# A Solution for Every Space. Even Small Spaces.

Wherever you put SofPull® Centerpull Dispensers, you'll help ensure a hygienic experience for everyone. The towels are soft, absorbent and gentle on hands, yet tough enough to clean up messes. And the durable one-towel-at-a-time dispenser helps reduce germ spread – and is easy to refill. Plus, it's battery-free.

Can be mounted horizontally under cabinets and other tight spaces.

## Multiple Sizes - And Benefits

- Upgraded nozzle for more consistent dispensing and performance
- Viewing window so you can see towel level before a run-out
- Sleek look now complements other GP PRO solutions
- Updated lock helps improve reliability and can reduce product pilferage
- Touchless dispensing with one-hand ease, without the complex moving parts of an automated dispenser
