

# Stalk Market<sup>®</sup>

COMPOSTABLE PRODUCTS

All Green • All the Time

Asean Corporation, founded in 1989 in Portland, Oregon, is dedicated to producing and supplying only 100% compostable and recyclable products. This commitment has made Asean a world leader, providing cutting-edge environmentally sustainable products. All of our compostable tableware products meet ASTM® #D6400 or #D6868 and are BPI® certified.

## Asean's Family of Brands

### Sugarcane Tableware

- Our premium heavy-weight tableware is the most functional line of sugarcane products in the market today
- StalkMarket® brand molded pulp is widely considered the industry standard
- Made from all-natural plant fibers
- GMO free

### Hot Cups and Food Containers

- The world's first BPI certified compostable lid
- Premium SFI paperboard - Made in the U.S.A.
- Custom printing available with plant-based inks
- Low minimum custom-print orders

### Clear Cold Cups

- One size lid fits 9-24 oz. cups
- Wide variety of lids available
- Custom printing available with plant-based inks
- Low minimum custom-print orders

### Clear Deli and Take-Out Containers

- Variety of shapes and sizes available
- Environmentally friendly plant-based biopolymer
- High-performance "plastic" look and feel without petrochemicals

### Cutlery

- Heavy-weight cutlery in both a pearl white and matte black
- Made with all natural plant-based biopolymer
- Heat tolerant to 185° Farenheit

### Elegant and Distinguished Catering Tableware

- International award winning design
- Adds beauty to a casual gathering and creates a rich and warm atmosphere
- Create unique presentation for elegant venues

PLC-LID

Fits 10-20 oz. & 12-16 oz. double-wall cups

planet+

all green, all the time

Made from all natural and sustainable resources, Planet+® hot cups, with plant-based biopolymer CPLA lids and film lining, deliver outstanding hot beverage performance with minimal global impact. Our CPLA lids withstand heat up to 200 degrees. Premium SFI paper-board cups feel like traditional products, but without the petrochemicals. All cups and lids are BPI certified and will compost within 60 to 90 days in commercial composting facilities.

## Design & Printing Guidelines

### You Can Print On

- Planet+ Hot Cups - Single and Double-wall
- Planet+ Food Containers
- Planet+ PLA Cold Cups
- Jaya Round Deli Containers

(Minimum of 50,000 pieces/size/design)

### Our Process

- Send us your artwork and/or layout
- We return an electronic production proof for your approval
- Send back a signed proof and a PO
- Lead time is around 12 weeks after receiving a purchase order

### Identifying Color for your Job

When should you use Spot vs. 4-Color Process/CMYK

- If your job uses just a few colors (three or less) - use **Spot** color

For example:

PMS 569C

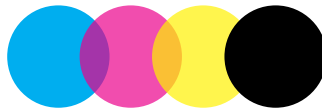

PMS 072C

PMS 1375C

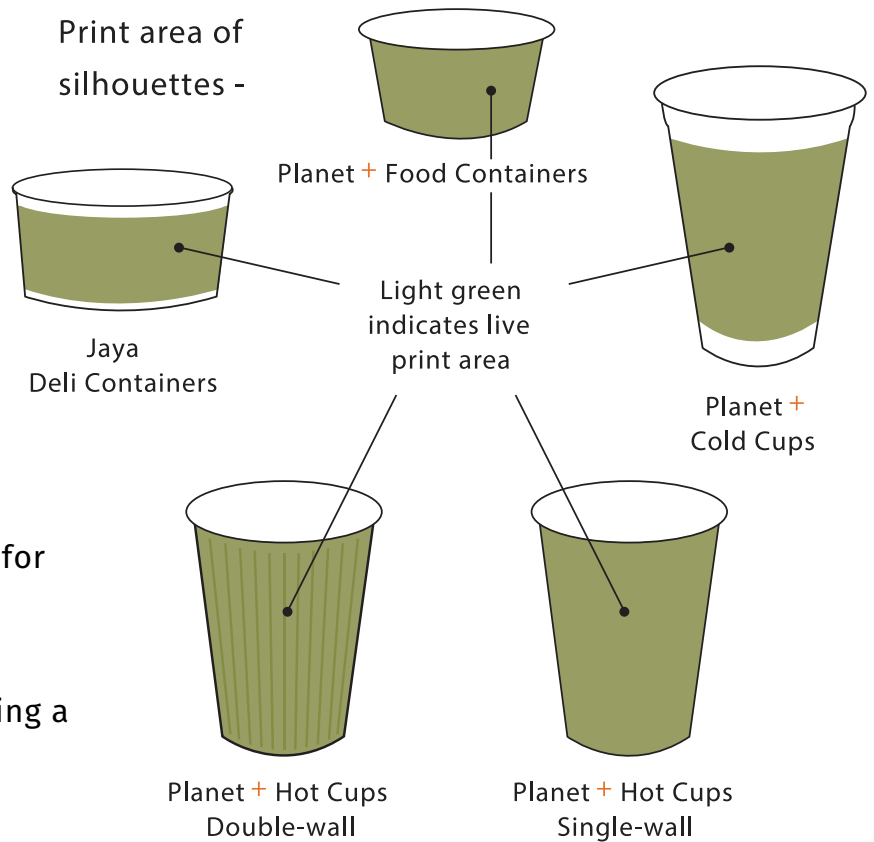

- If your job uses more than three colors or if it has shadows, color gradations or includes a photo - use a **CMYK** build

The build colors are cyan, magenta, yellow, and black:

### What to Send Us

- Vector based files to print. File types: AI, EPS, or PDF as long as they aren't flattened. All files need to be outlined and vector-based (exported for print, press quality resolution)
- All type needs to be outlined, so convert fonts to paths - Text becomes a vector shape and will look no different than it's original state
- Submit 300dpi photo files at full project size or larger
- DON'T use Word, low res JPEG, or Powerpoint files; most often they do not print correctly

**Clear Cold Cups**

Item No.	Description	Qty.
PLA-2	2 oz. Clear Cup (Souffle)	2000 (40/50s)
PLA-4	4 oz. Clear Cup (Souffle)	1000 (20/50s)
PLA-3	3 oz. Clear Cup	2500 (20/125s)
PLA-5	5 oz. Clear Cup	2000 (40/50s)
PLA-7	7 oz. Clear Cup	2000 (40/50s)
PLA-9	9 oz. Clear Cup	1000 (20/50s)

NT1075-RTL-00007	13 Gal. Retail Pack (23.5x29" 0.8 mil.)		144 (12/12)

Our 100% compostable bags and liners are used for the collection of food scraps and other organic waste for home, community, and industrial composting. They integrate seamlessly in zero-waste and organic diversion programs. Our bags are available in a wide variety of sizes and have been engineered for superior strength. All bags fully compost within 60-75 days in commercial composting facilities.
