**DROP-OFF/PICK-UP CATERING**

**CASUAL CATERING**

**FORMAL CATERING**

# DROP-OFF CATERING

Most often associated with corporate catering, quick-serve drop-off catering is **one of the fastest growing segments** in foodservice. It typically involves food and disposables being picked up or delivered to a home or office for a group, for an event lasting under 1 hour. Often, the organizer of the event will manage set-up and clean-up.
