## Foaming Drain and General Purpose Cleaner

A chlorinated, high-alkaline liquid drain cleaner with clinging foam technology that delivers superior drain cleaning.

### Features & Benefits

- Extended contact time provided by thickened foam delivers superior cling to drain surfaces
- No touch cleaning results in a safer, more sanitary cleaning procedure
- Provides a 20 - 30% cost savings over traditional drain cleaning methods
- Easier to use than traditional drain cleaning methods therefore reducing labor required to clean the drain
- Minimal training requirements and no tools needed
- Visually effective

### Applications

- Safe for use on soft metals, such as brass, aluminum, galvanized, or garbage disposal units
- Works on any style of drain

## Foaming Drain and General Purpose Cleaner

### Use instructions

- Connect product container to water hose. Set dispensing selector knob to high flow position.
- Spray diluted product into drain for 2–10 seconds, based on drain size.
- Allow 30–60 seconds contact time for foam to work.
- Set dispensing selector knob to rinse and thoroughly rinse drain.
- Do not allow product to dry in drain.
- Allow to air dry.
- Avoid contamination of food during use or storage.

### Safe handling

Please make sure your employees read and understand the product label and Safety Data Sheet before using this product. The label contains directions for use; and both the label and SDS contain hazard warnings, precautionary statements and first aid procedures. SDS are available online at [www.diversey.com](http://www.diversey.com) or by calling 888.352.2249. Improper use or dilution may result in damage to surfaces and may result in health and physical hazards that match those of the concentrate. Please refer to the Diversey HazMat Library, only available through Internet Explorer, <http://naextranet.diversey.com/dot/>, for up-to-date shipping information.
