About Tork®

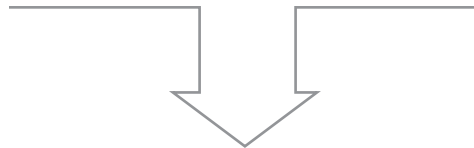

SCA

is our company name

is our brand name

3 Product Tiers

TORK Premium

A range of our finest quality products. From the most luxurious towel and tissue to specialized wipers and stylish napkins.

TORK Advanced

A range of enhanced performance products. From versatile towel and tissue to durable wipers and attractive napkins.

TORK Universal

A range of everyday towel, tissue, wipers and napkins at an affordable price.

Tork System Identifiers

Refer to system identifiers for easy and seamless pairing of dispensers and refills.

H = Hand Towels
T = Bath Tissue
N = Napkins
V = Seat Covers

M = Centerfeed Towels
S = Skin Care
W = Wipers
B = Bins

TorkSelect Systems

- *Select* represents the value-added, high-performing washroom dispenser systems unique to SCA
- *Select* is available only under the Tork brand; a signed agreement is required
- Product for *Select* systems are tiered by quality and exist within all three tiers

- *Select* Systems deliver the following benefits:
 - Lowered cost by reducing usage
 - Labor savings
 - Advanced hygiene features
 - Advanced environmental features
 - Enhanced image

Sometimes **big** steps are needed to make a lighter footprint

Over the past decade SCA has used **12 billion pounds** of **recycled paper** to make its Tork products. That is the same weight as **1.5 million elephants**.

What other steps has SCA committed to in order to lighten footprints while improving hygiene and your bottom line?

- Annually using over 750,000 tons of recycled paper paper, of which 400,000 is post-consumer
- Manufacturing 100% recycled products with third-party certifications
- Shipping products from regionalized mills, reducing miles, fuel, and emissions
- Optimizing cases and trailer loads for fewer shipments
- Offering systems that reduce cost, usage and waste
- Offering products that contribute toward LEED certification
- Having certified compostable napkins
- Designing hygienic hands-free systems to reduce absenteeism and healthcare costs
- Offering touch-free solutions and color coded wipers to help reduce cross contamination
- Offering a variety of tools for your use including research, calculators, stickers, mirror clings, table tents, and collateral

All building on a global commitment to environmental and hygiene issues. SCA was named the **second greenest company** in the world in 2007, included as one of the **World's Most Ethical Companies** from 2008 to 2011, and being named one of the **World's Most Admired Companies** by *Fortune magazine* in 2010 and 2011.

Dr. Allison Aiello

Josh Radoff

Donna Duberg

SCA Tissue continues to lead the industry in providing innovative solutions with the formation of the Tork Green Hygiene Council (TGHC). The Council is comprised of three independent professional and academic authorities from across the country: **Dr. Allison Aiello**, assistant professor of epidemiology, University of Michigan; **Donna Duberg**, assistant professor of clinical laboratory science, St. Louis University; **Joshua Radoff**, co-founder and principal, YRG Sustainability Consultants. The Council provides the most current knowledge and expert advice for creating environmentally responsible and hygienic work and home environments through published articles, speaking engagements and webinars.

To learn more, visit www.torkgreenhygienecouncil.com.

Third-Party Certified Products

SCA Tissue has been a leader when it comes to **third-party certified products**, which provide independent and science-based audits to assure you that our claims are accurate and true. Tork is the largest Away-From-Home brand in North America to offer products certified by both EcoLogo^{CM} and Green SealTM, as well as the largest overall offering with over 120 certified products.

Reflecting the transparent, sustainable leadership position of SCA, we are proud to be the first major AFH paper company to offer certified compostable napkins. Certified by the Biodegradable Products Institute, all of our Universal and Advanced Tork napkins, including custom print, are guaranteed compostable in municipal or commercial facilities.

Go to www.torkusa.com to see all our certified products.

EcoLogo is North America's most widely recognized and respected certification of environmental leadership. By setting standards and certifying products in more than 120 categories, EcoLogo helps you identify, trust, buy, and sell environmentally preferable goods and services.

Recognized for its focus on a broad range of sustainability factors, EcoLogo is North America's most respected benchmark of environmentally friendly products and services. In fact, it's the oldest certification standard in North America and 2nd oldest in the world.

www.EcoLogo.org

Green Seal is widely recognized throughout North America as an independent non-profit organization that is dedicated to safeguarding the environment and transforming the marketplace by promoting the manufacture, purchase and use of environmentally responsible products and services. Working with industry and stakeholders to set environmental standards for products and services, Green Seal operates under international ISO 14020 and 14024 guidelines for environmental labeling programs.

www.GreenSeal.org

The Biodegradable Products Institute (BPI) is a not-for-profit association of key individuals and groups from government, industry and academia.

Through their innovative compostable label program, they educate manufacturers, legislators and consumers about the importance of scientifically based standards for compostable materials which biodegrade in large composting facilities.

They also promote the use and recovery of compostable materials through municipal composting, and provide information and resources such as how to find a composter.
