

Think ahead.

Dispense confidence with Tork skincare solutions

Are you prepared to meet today's increased hygiene expectations?

The COVID-19 pandemic has brought increased awareness for hand hygiene, leading people to expect **effective and safe** skincare solutions in the spaces they visit.

Simultaneously, facility managers and cleaning professionals are faced with staffing shortages and further increasing challenges. They need products that help **improve operational efficiencies**.

As the global leading professional hygiene brand, with over 50 years of hygiene experience, Tork provides a comprehensive and innovative portfolio of sanitizers, soaps and dispensers to help address these increased expectations and obstacles with **confidence**.

Addressing needs across many environments

Offices

Public venues

Schools

Foodservice

Healthcare

Industrial

Tork skincare, anywhere: in restrooms, lobbies, common areas, dining areas and more.

Featuring:

- **A range of safe, effective sanitizers and soaps** with carefully-chosen ingredients, verified by the Tork Product Safety Team and third-party certified.
- **A hygienic sealed system**, for every refill, helps to reduce the risk of contamination. Compared to open bulk systems where 25% of open soap dispensers can be contaminated.¹
- **Manual or sensor dispensers** that help promote hand hygiene, everywhere.
- **Tork Hygiene Stands** allow for flexible placement of hand hygiene supplies and demonstrate that well-being is a priority.
- **A family of dispensers** across paper hand towels, toilet paper, and skincare for a coordinated restroom.

¹Bulk Soap Contamination Study, Dr. Charles P. Gerba, University of Arizona, 2007

Well-being is top priority

The Tork skincare assortment helps meet heightened expectations of hygiene in public places. By incorporating Tork skincare products into your facility or business, restroom visitors can feel confident that their safety is top of mind.

Tork skincare products:

Promote hygiene:

- Tork antibacterial soap and hand sanitizers - available in gel and foam formats - when used as directed, kill a broad range of germs which may cause illness.²
- Tork sensor dispensers can contribute to increased hygiene confidence through touch-free dispensing capabilities.

Are easy to use:

- Tork skincare dispensers encourage hand hygiene for all through their “easy-to-use”³ certification.⁴
- Tork dispensers are long-lasting and proven to perform hassle-free up to 1MM pushes.⁵

 **All Tork skincare products are dermatologically tested for skin compatibility.**

Ella's Handwashing Adventure App teaches children hand hygiene, building critical habits at a young age.

² Refers to SKUs 400217, 401215, 400016

³ Certified by the Swedish Rheumatism association, tested according to The Design for All Test, published in the Swedish Design Research Journal, 2011

⁴ Applies only to S4 dispensers

⁵ Based on Essity test

Meeting the demanding hygiene needs of businesses and facilities

Tork skincare addresses both increased hygiene expectations and ongoing business challenges, by providing a safe and sustainable offering and delivering efficiency benefits.

Tork skincare products:

Help save time and promote efficiency with Tork dispensers that:

- Take less than 10 seconds to refill, saving time and energy for cleaning staff.⁶
- Include one common Tork key for efficient refilling.
- Are high-capacity and can serve up to 1,650 visitors.⁷
- Ensure measured, consistent dispensing, which reduces consumption by up to 50%,⁸ meaning less refills and increased soap availability.⁷
- Available with Tork Vision Cleaning™, WiFi-enabled, data-driven dispensers.

Elevate your environment:

- Tork award-winning dispensers can help you deliver a premium experience with coordinated, sleek designs.

Meet your organizations' unique needs:

- Tork skincare dispensers are available in manual and sensor options to best suit facility-specific needs.
- Specialized refill options are available for a variety of needs, including odor-control soaps and alcohol-free sanitizers.
- Available in a variety of colors, including white, black and stainless steel.

Award-winning, Tork Clean Hands Training is available in VR and on desktop. It provides interactive training on the 5 moments of hand hygiene for healthcare professionals. This training is a result of a collaboration between Tork, university hospitals and world-leading hand hygiene experts.

⁶ Based on internal panel test soap refilling time.

⁷ TMTC Consumption Test Essity usage studies on 20,000 hand washes, comparing different liquid soaps (including bulk soap) to Tork Foam- and Spray Soap systems

⁸ Essity usage studies on 20,000 hand washes, comparing different liquid soaps (including bulk soap) to Tork Foam and Spray Soap System

Solutions that help support your sustainability goals

Sustainability is increasingly affecting consumer choices – even with the global pandemic: Today, 46% consider the product’s effect on the environment when purchasing hygiene products.⁹

Sustainability benefits of Tork skincare:

Sustainability leadership

Green Seal-certified Alcohol Gel Hand Sanitizer was **one of the first** to earn this coveted certification for sanitizers.

Secure accreditation

Products that contribute to **LEED credits** can help businesses secure sustainable building certifications.

Sustainable formulations

Tork Clarity Foam Soap is made from **natural origins** and is readily biodegradable.¹⁰

Tork Clarity Foam Soap

Reduces water consumption by 35% compared to other foam soaps.¹¹

Help reduce waste

Skincare refill bottles are collapsible, **reducing waste volume by 70%**.¹¹

Many Tork skincare products have third-party certifications including Green Seal™, ECOLOGO®, and USDA BioPreferred¹³
