About Us

DWL International Trading LLC., known as Winco, was established in 1992 as a manufacturer and worldwide importer of kitchenware and tableware. From cookware to flatware, we have been dedicated to providing chefs and restaurateurs with quality products along with superb services. A selection of key convenience products are presented here for the convenience store industry.

Our state of the art distribution centers are based in Lodi NJ and La Mirada CA, and new standards are being set in customers' order fill rates within a very timely basis. As a result, Winco has enjoyed a growing nationwide customer coverage by providing fast and efficient services across North America.

Our staff is professionally trained to help your merchandise needs by offering new product design and pro-type development. Over the past decade, attention to customers specific requirements and our effort to go the extra mile has earned us an outstanding reputation among our peers. We look forward to closely supporting your business by building your company a profitable Winco product center along with a relationship of trust.

GRAVITY BEVERAGE DISPENSER WITH SIGHT GLASS

ELECTRIC INDUCTION COOKER

Safer than traditional gas or electric resistance burners, induction cooktops use magnetism to rapidly heat induction cookware, which in turn heats up food. The ideal choice for tableside and buffet line cooking. Induction cooktops are easier to add to a busy kitchen, in place of installed gas stovetops. Provide more menu flexi bility for your operators.

- Digitally controlled wattage and temperature
- 11" x 11" German SCHOTT™ ceramic glass surface
- Up to 1800 watts of continuous heat
- Adjustable heat from 120°F to 460°F (50°C to 240°C)
- Durable stainless steel body construction
- Timer up to 150 min (2.5 hours)
- 120V, 1800W, 15A
- One year warranty

TRADE TERMS & CONDITIONS

Return Policy: Products are eligible for return or exchange within 6 months of invoice date. No returns will be accepted without our written authorization. Used and/or obsolete inventory will not be accepted for returns and refunds. All authorized returns must be sent in original packaging, with freight prepaid and will be subject to re-stocking charges. Special order items cannot be returned or exchanged. Returned items, including orders that are packed for delivery but are then cancelled, will be subject to a restocking charge.

All shortages and/or defective products received must be reported to Winco within 5 business days of receipt. All shortages and/or damages to products received must be reported to both the freight carrier and Winco immediately and marked on the Bill of Lading.

Winco is not responsible for printing errors. Prices and specifications are subject to change without notice.

SHIPPING POLICY & CONDITIONS

From time to time, freight carriers will charge for services that are beyond the scope of normal delivery. Winco reserves the right to bill customers for these charges, including sort and segregate, lift gate, inside delivery, additional charges for convention center delivery, etc. These are considered accessorial charges and are not included in the prepaid freight program.

Any charges from freight companies that arise due to incorrect addresses provided by the customer, or rejected shipments that were previously approved will be charge backed to the customer.

SHIPPING BY UPS

Most orders less than pallet loads will be shipped by UPS. UPS's standard calculation of shipping is determined based on the weight of the item x rate. However, if the size of the product reaches a maximum overall dimension, then shipping will be calculated based on the dimension (L x W x H) x rate. The shipping cost based on dimension will most likely be greater than the cost if calculated based on the weight. This is usually applicable for light weight, but bulky items. Regardless of whether the base shipping rate is calculated based on the weight or the dimension of the product, certain items will also be charged an additional Oversize fee, usually due to the length or height of the item.
