Product Overview & Guides

WypAll® is the number one brand of disposable wipes in the US and Canada. Create a clean work environment with light to medium duty general cleaning solutions. Pound for pound, WypAll® General Clean X60 Multi-Task Cleaning Cloths absorb more than two times as much water as rags. They bring the absorbing power of HydroKnit technology (for superior absorbency) to a lighter-weight cloth. Designed to outperform laundered rags, WypAll® General Clean X60 Multi-Task Cleaning Cloths help raise the standard for general-purpose cloths at a terrific value. They don't use adhesives or binders, so they'll leave no residue behind, and they're reinforced for strength when wet or dry. They can be used for applying thinners and solvents, in cable lubricant removal, adhesive cleaning and removing grease and soil in tight areas. These cleaning towels come folded into quarters 1/4 fold – sometimes called "washcloths" and are so sturdy that they can often be used more than once (once you've used them a few times, they're disposable). They're designed to reduce waste so you spend less. When effectiveness and value top your list of criteria, you can trust WypAll® General Clean X60 Multi-Task Cleaning Cloths to deliver.

12 packs / case, 76 sheets / pack, 912 sheets / case

WypAll® General Clean X60 Multi-Task Cleaning Cloths are absorbent and reinforced to stay strong for cleaning performance in light duty tasks; they absorb water faster than rags

Each white commercial paper towel measures 12.5" x 12" and is quarter-folded for convenience and easy storage

These lightweight cloths contain no adhesives or binders, yet they hold together and don't leave residues behind

To create an effective general purpose industrial cloth, WypAll® combined proprietary HydroKnit fast absorbing technology with reinforced structure, so you get durability at a great value
